

ONE WHEELER . . . Roy Stine showed up with his unicycle at Steele Elementary School's annual bike rodeo recently. Students have to pass tests of bike-riding ability and knowledge of safety rules to qualify. Roy proved himself agile on the one-wheeler. The event was sponsored by the PTA and Student Council.

Polio Clinic Tuesday

The monthly polio clinic conducted by the MD Group, at 4193 W. Redondo Beach Blvd., will be held on Tuesday, April 5 from 2 to 8 p.m. Charge for the Salk vaccine inoculations

will be \$1 per person with a \$5 maximum charge per family.

One of the vows a Turkish groom takes at the wedding ceremony is to keep his wife well supplied with coffee.

Hahn to Ask for Stronger Dope Measures at Hearing

A strong plea for a stepped-up attack on all fronts against narcotics will be made by Supervisor Kenneth Hahn this morning, before President Eisenhower's interdepartmental committee on narcotics, which will conduct hearings on the mounting narcotics problem in Southern California today and Friday.

Hahn, who has led the board of supervisors in urging that bolder, more aggressive steps be taken against narcotics, said that while he supports the White House Conference on narcotics, he also believes that more immediate actions are needed to stamp out the traffic in illegal drugs.

"EVERY JURISDICTION involved should take every step it can to combat narcotics — which is California's number one crime problem, costing the taxpayers of the State as much as \$200,000 a day in crime and law enforcement costs," he declared.

Supervisor Hahn stated that the following actions are vital to reduce narcotics traffic:

1. **APPOINTMENT** by President Eisenhower and President Lopez Mateos of Mexico of a joint commission to combat narcotics on both sides of the border. He pointed out that in 1947 a joint United States-Mexico commission was successful in stamping out a threatened epidemic of hoof and mouth disease.

"Surely it is just as important to protect our children against narcotics," he declared.

2. Concentration of the Federal government's anti-narcotics fight in Southern California.

3. Immediate assignment of additional Federal judges to the Southern California area to handle narcotics cases. This would make it possible for more cases to be handled in the Federal Courts, where the penalties are more severe than in the State Courts.

4. Strengthen California laws dealing with narcotics, to impose stringent, mandatory penalties on convicted peddlers—to take the profit out of the narcotics racket.

5. Segregation of narcotics offenders in a special institution. At present they are mingled with other prisoners and manage to spread the use of narcotics, even while confined.

6. Stepped up educational programs concerning narcotics in California schools.

South High Students Set April Romp

As an activity to raise funds for the financing of their Junior-Senior Prom, the Junior class at South High School in Torrance will present "April Fools" on Friday, a complete evening of music, entertaining and dancing. This may be one of the most spectacular high school shows ever presented in the area.

The master of ceremonies for the evening will be Ted Quillan, from radio station KFVB. Among the outstanding artists to appear will be "The Strangers," "The Penguins," "The Medallions," "The Sixteens," "The Bel-Aires," "The Rainbeaus," Dorsey Burnett, Jerry Fuller, and "Ernie Freeman and His All Stars," who will play for both the show and dance following the show. A surprise guest star will be presented during the evening.

The show will begin at 7:30 p.m. Tickets are \$1.25 and may be purchased at the door. Only South High students and their guests may attend the dance.

The largest child ever born, according to medical records, was the 23 3/4 pound, 30 inch long son born in 1897 to seven-foot-five-tall Novia Scotia mother, Ann Bates.
