## International Camp Planned By Girl Scouts

The Girl Scouts of South Torrance will participate in a Day Camp at Torrance Park on July 25, 26, 27, 28, 29 with an overnight on the evening of the 29th.

Brownie and Intermediate level Scouts will serve as program helpers. The theme this year is International Friendship and the program will consist of songs, dances, crafts and camping methods of various lands. The units will cook the national dishes of the countries they represent and make costumes or outfits for the program. Approximately 318 children are enrolled to date.

MRS. WILLIAM Weber, camp director, has enlisted the aid of program consultants from many lands. Mrs. Robert Ensland will represent French Algeria, Mrs. Frank Goetz, Germany, Mrs. Samuel Habif, Mexico and also teach some Israeli dances. Mrs. Guy Cooper, whose family has recently been transferred here from Turkey, will share her knowledge of the language, customs and music.

On the camp staff are Mrs. Orville Graves, business manager; Mrs. Charles Wolfe First Aider; Mrs. Guy Cooper, Intermediate co-ordinator; Mrs. Iris Gallagher, Fly-up co-ordinator; Mrs. E. D. Gayler and Mrs. Gus Cochrane, Brownie co-ordinators, and Mrs. Robert Seefreid whose Junior High troop will act as program helpers.

A PIXIE UNIT of approximately 32 pre-Scout age children will be under the supervision of Mrs. Yvonne Frame and Mrs. Jean McClaren. The Boy's Unit of 14 boys will work with Mrs. Gladys Wood and Mrs. Dixie Mayer with the assistance of two Boy Scouts. Mrs. Evelyn Creekmore is assisting with the photography badge again this year and the girls will bring their cameras the first day and complete the requirements during camp.

Mrs. William Weber has formed a Girl Scout Chorus of the camp unit leaders to present Girl Scout and old time harmony songs. For purposes of identification all unit leaders and full time help will wear Swiss Alpine hats of green felt.

PARENTS and other interested adults have been invited to attend the International Program which takes place on the 29th from 9:30 to 12:00. During the program the girls will demonstrate what they have accomplished in dramatics, arts and crafts and other skills of the countries they represent.

The program helpers will teach progression in the out of doors and campcraft to prepare the intermediates and fly-ups for the overnight which will take place on Friday from 4:30 to Saturday at 10:30.

## AiResearch Co. Appoints New Plant Manager

The appointment of Richard E. Palmer as manager of The Garrett Corporation's AiResearch Manufacturing Division of Los Angeles, was announced today by Harry H. Wetzal, manufacturing group vice president.

Palmer, associated with AiResearch for more than 18 years, will direct activities of more than 4500 engineering, administrative, and production specialists in the Garrett division, one of the largest aircraft and missile component manufacturers in the United States.

In his 18-year association with AiResearch, Palmer has gained extensive experience in production, contract administration and sales. Since 1955 he served as assistant manager at AiResearch, and for the last two worked under former manager Harry H. Wetzal, who was recently appointed to manufacturing group vice president in charge of Garrett's five manufacturing divisions.

In 1955 Palmer was manager of AiResearch's contract administration department after serving as staff assistant to the director of sales.

Before joining the AiResearch staff, Palmer, who attended the University of Wisconsin, was sales manager for Garrett's famous Northrup anchor line.
