ARCHITECT'S SKETCH . . . New Bank of America Branch will open for business July 22 at Main and Carson Sts., just east of Torrance. The 9,500 square foot building, representing an investment of more than \$275,000, will be previewed at a public open house the evening of July 21. Architectural firm of Stiles and Robert Clements designed the structure, being built by Diverco Constructors, Inc., under supervision of Continental Service Company.
