## Local Man Leads Woodcraft Camp

The appointment of Richard K. Weaver, 303 E. 219th St. as director of the Woodcraft Rangers' Lake Arrowhead Camp has been announced by officials of the Community Chest-sponsored youth organization.

Weaver will be in charge of a staff of 30 counselors, specialists and supervisors who will provide a program for an estimated 1100 boys and girls during the 1961 summer season. This year will mark the 36th year of continuous operation of the Lake Arrowhead Camp by the Woodcraft Rangers.

The Rangers' Camp, located one-half mile from Lake Arrowhead, accommodates 140 youngsters, ages 8 thru 14 for nine one-week sessions. The season will begin on June 28 and end on August 28.

Ranger camps are open to all boys and girls at non-profit fees starting at \$29 per week. Information concerning the camps can be obtained from Woodcraft Rangers, 2111 Park Grove Avenue, Los Angeles 7.

## State Opposes Hoffa Demands On Rail Rates

A move in the state legislature to oppose Teamster Chief James Hoffa's proposal in Congress to force railroads to boost their freight rates to shippers was developing this week with strong backing.

Assemblyman Vincent Thomas said a joint resolution calling on California's congressmen to help defeat two U. S. Senate bills introduced at the request of Hoffa's powerful teamsters union pending in the State Senate.

Specifically, the legislature would ask opposition to U. S. Senate bills 1089 and 1197, "to the end that competition in transportation rates may be preserved." The proposal is in the form of Senate Joint Resolution 39 (Collier).

The Hoffa-sponsored bills seek to force the railroads to hike their rates for piggyback freight, or flat car, transportation to a level commensurate with truck rates.

This would prove "a detriment to California agriculture and the lumber industry," said Assemblyman Thomas.

"The rates of a carrier should not be held up to a particular level to protect the traffic of any other mode of transportation."

"Hoffa's union, in effect, is asking Congress to repeal the Transportation Act of 1958 which enabled railroads to cut rates and benefited the consumer and the California shipper," he said.

## Air Force Test Given to North High School Men

Taking advantage of an opportunity provided by the local Air Force Recruiting Office, 1319 1/2 Sartori Ave., 50 seniors of North Torrance High School were administered the U. S. Air Force Aptitude Test to help determine their future careers and to ascertain in which aptitude field they would most likely achieve success. This examination was conducted on April 27th at North Torrance High.

The test provided each examinee, under no obligation to the Air Force, measures aptitude in the electronic, mechanical, administrative, and general areas and takes approximately two and one half hours to complete.

Due to the favorable reaction from the senior students, the local Air Force recruiters will administer the examination at South Torrance High School on May 11th at 7 p.m. and at Torrance High School on May 13th at 9 a.m.

T/Sgt Duane K. Hetler, Air Force Recruiter, invites all interested seniors in the area who desire to participate in the examinations to contact the principal of their high school, or call your Air Force recruiter at his office.
