

REHEARSE PARTS . . . "It's a grand night for singing," members of Los Cancioneros say as they rehearse for their "Hammerstein Remembered" concert scheduled for Friday and Saturday evening at the South High School Cafeterium. Here from left are Mrs. Kenneth Deets,

Henry Morgan, and Mrs. Robert George as they present their tickets to Mrs. Milton Asher, who accompanies the numbers for the mixed chorus. The week end program will be informal with coffee and dessert served in a Continental cafe atmosphere.

Two South High Juniors Cited For Forensics

John Brooks and Douglas Foerster, juniors at South High School, won the degree of distinction, the highest award obtainable in the national forensic league, at the annual Fine Arts Banquet held in the school cafeteria.

The National Forensic League is a nation-wide organization with over 900 secondary

schools in forty-three states participating. The basic purpose of N.F.L. is to uncover hidden talent in the field of competitive speaking and debating.

SOUTH HIGH entered the National Forensic League this year for the first time and finished the year with twice as

many honor degrees as any other first-year school. Forty-four degrees were earned by the local chapter during its first year as the group participated in various tournaments throughout Southern California.

The local chapter was chosen to present the annual demonstration debate held at UCLA. Foerster was selected to pre-

side as chairman over the NFL District Student Congress held in the Los Angeles Court-house.

AT THE STATE Qualifying Tournament at the University of Southern California, South High had two finalists. At the National Qualifying Tournament South High School had a finalist in Boy's Impromptu Speaking. The debate team placed third at the Final State Qualifying Tournament at the University of Redlands.

Tea to Fete New Frosh at South High

Incoming Freshman girls and their mothers will be entertained by the faculty, staff and PTA of South High School at

a "Mother's Day Tea" today from 3 to 4:30 p.m. in the School Cafeterium. Girls from the thirteen dif-

ferent Elementary Schools, of the area, who will be attending party. The Girl's Glee Club will entertain.

ADEQUATE MODERN
WIRING for GAS for
fast, electric even,
blenders cooking
controllable

balanced power homes

give you the best of modern gas and electricity...

for easiest living at lower cost!

In a BALANCED POWER home modern gas does the cooking—and such jobs as heating and air conditioning, water heating, and clothes drying—with utmost speed and economy! And adequate wiring is provided for the mixer, dishwasher, disposer, TV sets, radios, and all the handy plug-in appliances you want. That's BALANCED POWER—the most logical common-sense approach to modern

home design. Gas on the jobs that are best done by gas—plus adequate wiring with plenty of outlets for all your electrical needs.

So why settle for less than the balanced living you enjoy in BALANCED POWER homes? Look for the BALANCED POWER home sign prominently displayed by quality builders throughout Southern California.
