

## Bradford Named to MWD Board

George A. Bradford, 1323 Beech Ave., has been sworn in as the Torrance representative on the board of directors of The Metropolitan Water District of Southern California. He succeeds George W. Stevens who has served on the District Board since September, 1950.

Bradford is a member of the City Council and owner of the George A. Bradford Co., engaged in steel fabrication, engineering, and welding services.

Torrance is one of the 13 cities which comprised the Metropolitan Water District in 1931 when the bond issue of \$220 million to finance initial construction of the Colorado River Aqueduct was approved by the voters. Bradford is the fifth director to represent Torrance on the district board.

The Metropolitan Water District now includes 93 incorporated cities, has a population of approximately 7,500,000 and includes about one-half of the assessed valuation of the entire State.
