**Gas Company Slates July Open House in Inglewood**

Local residents are invited to attend a month-long series of open house displays to be conducted during July by the Southern California Gas Co. at its Southwest Division headquarters, 158 S. La Brea Ave., in Inglewood.

ances, and a team of gas company experts will be available to advise visitors on latest trends in modern home-making.

During each Friday session local residents are urged to bring their questions and home-making problems to the staff of advisors assembled for the open house. On hand will be the division's home economists, Bea Layman and Ann Maier, appliance counselor Jewell Marshall and a kitchen planning consultant.

HIGHLIGHT of the month-long open house series will be the presentation of a free gas light, with normal free installation, at the concluding session July 28. You may register at any of the open houses for an opportunity to win. Refreshments will be served at each of the weekly sessions.

According to Don Cartwright, division appliance and dealer sales supervisor and coordinator of the open house, all resident of the Centinela Valley and South Bay areas are welcome to view the latest gas appliances—for cooking, water heating, air conditioning, refrigerating and luxury lighting—and obtain home-making advice from the gas company consultants.

Among the communities served by the division are Redondo Beach, Torrance, Manhattan Beach, Rolling Hills, Hermosa Beach, Gardena, Lennox, Hawthorne, Inglewood, Morningside Park, Westchester, El Segundo and Lomita.

**Chace Reports Lomita Street Improvements**

Street improvements in a new tract between Oak St. and Woodward Ave. approximately 750 feet southerly of 250th St., have been completed by the developer, according to Supervisor Burton W. Chace of the fourth district.

These improvements, now serving the eight homes in the tract, were constructed by the developer under the supervision of the County Road Department at an approximate cost of \$1000, he added.

Improvements consisted of the construction of sidewalks, curbs and gutters, and pavement widening on the west side of Oak St. and on the east side of Woodward Ave. where these streets adjoin the tract. "The construction," Chace said, "was accepted as part of the Los Angeles county highway system by the Board of Supervisors."

expected events.

KRETON, played by David Violette, lands on Earth in his space ship while Roger Spelding, played by George Brodnax, is vigorously denying the existence of unidentified flying objects.

To stir up some excitement, Kreton attempts to start a war by raising all the rifles in the world thirty feet in the air.

General Powers, portrayed by Delane Cowan, is selected by the Air Force to handle the emergency. His application of techniques which he had formerly employed in the laundry corps adds to the play's humor.

LOVE INTEREST is supplied by Carolyn Newell and Jerry Oliver as Ellen Spelding and Conrad Mayberry, while Mary Gillam is seen as Mrs. Spelding.

Gary Bradbrook plays the role of the general's aide and Deilton 4 is played by Don Danielsen.

Directing "Visit" is Mike Hoctor, theater arts major, who has played lead roles in several ECC productions.

SUPERVISING ALL four of Camino's summer shows is Burnett Ferguson, drama instructor, assisted by Midge Kohlmann. Sets are by Les Thomas and his stagecraft class.

"Visit" will play July 14 and 15 only. Ticket information and reservations are available at the El Camino Student Store, DA 4-6631. Tickets may also be purchased at the door. Admission price is one dollar.
