## Plans Completed for Elks July Achievement Dinner

Tickets are being distributed by Elks' lodges and members for the narcotic legislation achievement dinner to be served at the Gardena Elks' club July 29. The event will commemorate efforts by lodges throughout the state, which resulted in petitions persuading the Legislature to pass much more stringent dope laws.

THE LEGISLATION was signed by Gov. Brown after the latest session of the state lawmakers.

Los Angeles Mayor Sam Yorty and Councilman John S. Gibson will be honor guests. George Putnam of KTTV, who fought with the Elks for the tougher laws, will attend. ALL STATE lodges participated in circulating petitions and lecturing on the dope menace to youth after the exalted ruler of the Gardena group came face to face with the problem. The addition of one teen-aged girl destroyed

an entire family of his friends. The dinner at Gardena will begin with hors d'oeuvres at 7 p.m. Chateaubriand will be served at 8 by James Mooney, widely known Gardena chef. State, county, and city officials have accepted invitations to attend.

## Bus Trip to Laguna Art Show Planned

Reservations for the Torrance Recreation Dept.'s theatre bus trip to the Laguna Festival of the Arts "Pageant of the Masters" on Sunday, July 23, are now available. A bus will leave the Torrance City Hall at 5 p.m., returning about midnight. The \$4.50 charge includes the bus transportation, ticket in the center section, and trip insurance. Reservations may be made at FA 8-5310.

The two-hour pageant will feature 24 famed paintings portrayed in living pictures, with models recreating the art works. The pageant, now in its 26th year, is produced on the stage of the Irvine Bowl. The "Last Supper" by Leonardo da Vinci climaxes the show. An exhibit of art work is displayed on the grounds of the festival.

## Space Problem

Weightlessness poses many serious problems for spacemen, according to a physician and flight surgeon at the B. F. Goodrich Co. The company makes full pressure high altitude suits worn by American astronauts. He said the human body depends on gravity to help it perform many vital functions.
