A contract for fabrication of Nitrogen Bottle cases was let to the Fuel Engineering Corp. The contract is for \$21,015. The Karl Lambert Painting Co. received a contract for \$11,430 to paint local government buildings.

The contracts were part of 159 contracts valued at about \$4.5 million received by small business concerns.

NEWEST RESTAURANT . . . The Parosol, located at Crenshaw Blvd. and Pacific Coast Highway, will celebrate its grand opening next Monday, Tuesday, and Wednesday. The restaurant and coffee shop is designed in a circle and decorated like a parasol.

**Parosol Restaurant and
Coffee Shop Opening Set**

The Parosol — Torrance's newest and most unusual restaurant and coffee shop — will celebrate its grand opening Monday, Tuesday, and Wednesday, July 17, 18, and 19. The restaurant is designed and built as a parasol.

At this event, Angelo Pappas, owner and manager, is giving away free, colorful, full size parasols to mothers and smaller ones to little girls visiting the restaurant.

Pacific Coast Hwy., the unique restaurant has a coffee shop and dining room. Its front door faces the intersection.

Pappas, who has been awaiting the opening of the restaurant since 1957, when the idea was born, said an architect suggested the unusual circular shape for his restaurant and he went from there to come up with the parasol theme.

LOCATED AT Crenshaw and

THIS THEME is carried throughout the interior and exterior of the novelty structure. Materials from all over the world were gathered to complement the unusual restaurant.

Custom-made chandeliers, each with three parasol-shaped shades, are a part of the exciting decor. Imported tile in regular and irregular shapes—in pink, brown, and black—blend with the imported gold wallpaper to be found within the circular restaurant.

THE MENU at the Parosol, which incorporates planning and thought with reasonable prices, offers a variety selection for any meal or snack. No need to hurry, the Parosol is open 24 hours.

The Parosol, with its opening in Torrance, is adding imagination and uniqueness to the growing community which, because of such qualities, has been able to grow into an All-American City.
