New Leukemia Society To Open Drive Friday

More than 10,000 volunteer doorbell ringers will "take the field" Friday on behalf of the Leukemia Society here in an all-out effort to raise a minimum of \$100,000 by Tuesday. Declaring that this will be the first annual fund drive for the newly formed Greater Los Angeles Chapter of the Leukemia Society, Fund Chairman Jimmy Durante said that half the proceeds will help underwrite research projects in medical schools and universities across the nation and the balance will be spent here for local research and direct aid to sufferers. LEUKEMIA kills one Ameri-

can every 45 minutes, Durante said, and here in Los Angeles the dreaded disease is responsible for an average of more than one death per day. "Most all of us know of someone who has died of leukemia," Durante said, pointing out that the always-fatal blood disorder has increased more than 80 per cent since World War II.

URGING support for the five-day campaign, Durante said that leukemia's ever-mounting attack on human life requires a massive counter-attack through a crash program of research and discovery.
