

'New Look' in Telephone Dials Sneaking Into Town

Local residents may be encountering the "new look" in telephone numbers here as they attempt to place calls to friends or relatives who may have just moved in or had their number changed.

This "new look" is being displayed only by those telephone users involved in the first phase of a new program called "All Number Calling." Designed to replace the traditional two-letter prefix with its corresponding dial position numbers, the system will take approximately five years to become universal in this area, according to J. M. White, Palos

Verdes district manager for General Telephone Co.

AT PRESENT the new seven digit numbers are being assigned only to new customers, or old customers requiring a number change, he said. The new numbering system is being inaugurated to provide more telephone numbers in the future as it will enable the nation's 3,300 phone companies to utilize letter dial positions which could not be used to form the first two letters of familiar words, he explained.

THE DISTRICT manager also pointed out that the number of the local telephone company business office has been changed to 378-6211, which numerically is the old number FR 8-6211.

"Of course, the customer may dial either number and reach his customer representative," he said.

Serving in the Western Pacific aboard the Seventh Fleet attack aircraft carrier USS Ranger, are Richard L. Beard, seaman, son of Mr. and Mrs. C. M. Beard of 5025 Macafee Rd.; Warren R. Heaton, fire control technician third class, son of Mr. and Mrs. George L. Heaton of 1816 Calamar, and Lon R. Baker, seaman apprentice, son of Mrs. Blanch K. Weber of 165 W. 223rd St., all of Torrance.

The Ranger recently anchored off Sasebo, Japan, for a seven-day goodwill visit to Japan's southern island of Kyushu.

THE TORRANCE HERALD

Trials, temptations and disappointments can all be a help instead of a hindrance, if one uses them correctly. They not only test the substance of character, but will strengthen it. Every temptation that is conquered represents a new supply of moral energy. Every trial that is endured and weathered in the right spirit makes a person more noble and stronger than before.

To Ask State For Aid on Street Work

Improvement of Western Avenue between the San Diego Freeway and 25th Street in San Pedro will be urged by County Road Commissioner N. H. Templin when he appears before the State Highway Commission in Santa Monica this month.

Acting on the recommendation of Supervisor Burton W. Chace, Templin will ask the state to aid in the improvement project because of its countrywide interest.

Western Avenue was recently added to the State Highway System by state legislation.

Everyone loves crime, they love it always. It's as though people have made an agreement to lie about it and have lied about it ever since. They all declare that they hate evil—but secretly they all love it.
