

Cross Country Trip Ends for Family in Bus

A carefree trip from Ashland, Mass., to Torrance has ended for a family of nine who

made the trek in a school bus converted to a house trailer.

No serious problems were encountered during the two-week trip in the bus which had temporary toilet facilities, a portable kitchen and four beds.

Local Plunge Closes

The Torrance Recreation Department has announced the closing of Victor E. Benstead Plunge until next June.

Mr. and Mrs. Frank E. Boimilla and their seven children have arrived in Torrance where they are visiting Mrs. Boimilla's sister, Mrs. Frank Savalin of 1003 Acacia Ave.

Boimilla is looking for work as a machinist. His firm in Ashland, Mass., went out of business after 27 years.

To Give Annual Sermon Sunday

"A Drunkard Killed My Sister" will be the topic of the sermon Sunday at 7 p.m. at the Del Amo Southern Baptist Church, 317 S. Broadway, Redondo Beach.

The pastor, Daniel B. Weaver, states that this is an annual sermon dedicated to the memory of his sister who was killed, along with her husband and child, as a result of the liquor traffic. The sermon will deal with the economic, physical, social, and spiritual dangers of the use and sale of alcoholic beverages.

The public is invited to hear this sermon, the pastor said.

ALLEY OOP . . . Getting a slightly used fire truck onto a concrete pad behind a slide and between a merry-go-round and a fence took a little figuring and the heft of the city's largest crane this week as the obsolete vehicle was placed on the playground at Torrance City Park. It had been in service since 1934 before retirement. (Herald Photo)

EAGER BEAVERS . . . Kids could hardly wait to climb aboard their own fire truck after it had been dropped onto a pad at Torrance Park this week. Here Fire Chief J. J. Benner and Recreation Superintendent Harry Van Bellehem explain they will just have to wait until the wheels have been removed and the truck set on permanent blocks. (Herald Photo)

October is still a good month for planting lawns in most of California. The earlier you start the better, however in some valley areas where an early cold snap might keep slow-germinating seeds from sprouting. Check with a local nurseryman and follow his recommendation on when and what to plant in your area. Meanwhile, start digging steer manure and other humus into the soil where you intend to plant your lawn.
