

Insurance for GI's Explained

There are certain advantages to be gained by converting five-year term GI insurance policies to any of the "permanent plan" contracts available. Veterans Service Officer Mrs. Sara R. Bridges pointed out. She urged all veterans holding term insurance to give serious consideration to conversion. Holders of National Service Life Insurance policies (V, RS, H, RH prefixes) may convert to ordinary life, 20-payment life, 30-payment life, 20-year endowment, or endowment at age 60, or

endowment at age 65 permanent policies. **VETERANS WITH U.S. Government Life Insurance policies** (K insurance, based on military service before Oct. 8, 1940) may convert to ordinary life, 20-payment life, 30-payment life, 20-year endowment, or endowment at age 62 permanent plans. Permanent plans call for a higher premium initially, creating a reserve that enables the premium rate to remain the same throughout the premium-paying period. This reserve accumulation also allows for the granting of loans, cash surrender of insurance, surrender for paid-up life insurance, and extended coverage in the event of lapse. **TERM INSURANCE** requires an increase in premium rate every five years, has no cash value, loan value, paid-up insurance value or extended insurance value. A premium rate on a \$10,000 GI term policy, for example, would be \$6.50

monthly at age 20, would be \$12.70 by renewal at age 50, and would continue to climb. Application to convert NSLI or USGLI term insurance to a permanent plan should be made on VA Form 9-358. No physical examination is required for a veteran to convert his policy. Applications are obtainable through the Veterans Service Office, located at 1622 Gramercy Ave. The service officer also reminded veterans to keep up-to-date their list of GI insurance beneficiaries, which must be recorded by the VA in order to be effective. The change-of-beneficiary application is VA Form 9-336.
