George Chacksfield President Chacksfield Construction Co.

"I build all kinds, but I live in a Medallion Home"

"Because I'm a builder, I was most particular about my own home. Consequently, we built it to Medallion Home standards.

"That was three years ago. Today, my wife wouldn't have any other kind of cooking facilities except electric. Certainly it's cleaner; and the heat is positive, dependable, uniform.

"From a builder's standpoint, Medallion Home standards for wiring and lighting are what every well-built home should have. For us, as well as home buyers everywhere, I believe, the Medallion Home is a mark of quality and prestige. I'm proud to have the Medallion Home Award on homes in my 'Montecillo' project in Rolling Hills Estates on the Palos Verdes Peninsula, and on my 'Merit Homes' development in Gardena."

Take a tip from builder George Chacksfield, an expert. Choose the home with the Medallion Home Award.

Only one new home in five earns this distinction. These are the qualifications:

1. A flameless electric kitchen—cool, clean, modern. It comes equipped with major electric appliances, including automatic flameless electric range and oven.
 2. Full "Housepower" wiring—only a home built to meet rigid Medallion Home standards has the overall electrical capacity necessary for truly modern living.
 3. Abundant lighting—planned for comfort, convenience and beauty.
 4. Flameless electric space and water heating.
- A total-electric Gold Medallion Home gives you all these benefits plus:
