

FRANCIS M. SHAW
Elevated by Firm

Southwest Savings Uns Shaw

The Board of Directors of Southwest Savings and Loan, Inglewood and Torrance, announces the promotion of Francis M. Shaw from vice president to the post of senior vice president. The election was held during the board's February meeting.

Shaw, a native son, was born and raised in San Diego. Completing his education, his many years of banking experience began with the Trust and Savings Bank in San Diego where he remained for 10 years. During the following 10 years he was associated with the Bank of America in the Los Angeles area.

At the request of Fred E. Edwards, president of Southwest Savings, Shaw joined the new organization in 1946 in the capacity of office manager. His advancement was rapid, and he is credited with contributing vitally to the growth of the savings institution of which he is now a major executive.

Shaw is well known in savings and loan circles. In addition, he is active in civic and community affairs having served as president of the Southwestern Lions Club and presently as president of the Roving Lions Club of the Harbor District.

Finalists In Business Tests Named

Carol Jean Robinson and Melissa Matheny, two North High School students, were recently selected in the top 10 finalists at the Student Business Conference held at the Edison Building in Los Angeles.

Carol Jean Robinson was chosen as one of the 10 outstanding Los Angeles County girls in business education, on the basis of a personal data sheet, an essay of her vocational plans, a letter of recommendation from a business teacher, and one other adult, her activities in the business field, and her grooming and personal appearance.

Melissa Matheny tied for 10th place in a speech contest with her speech which was titled, "You, Business and the World."

The girls were accompanied to the conference by Miss S. Boughman and Richard Muchow, North High business instructors.

Test Results To Be Given Parents Soon

Results of the Iowa Test of Educational Development will be released to the parents of North High School freshmen during a meeting Wednesday at the school.

Charles Mahon, district psychologist, will explain the purpose for the tests at a general assembly in the gymnasium. The group meeting will last from 7:30 until about 8 p.m.

After this, the parents will meet with their child's home-room teacher to further discuss the test until 8:40 p.m.

All North High School students took the Iowa Tests in early December. Their purpose is to compare the student's achievements with his educational experiences and discover his possible potential.

Interested parents may contact the school to make an appointment for a personal analysis of their child's test results after March 14.
