'Cancer Progress Year' Theme of April Drive

The April Cancer Crusade of the American Cancer Society's Los Angeles County Branch will be dedicated to the observance of Cancer Progress Year, it was announced yesterday by H. P. "Buck" Atherton, district 8 crusade chairman. Atherton is manager of the Security First National Bank in Torrance.

"Cancer Progress Year," he explained, "is a joint celebration of the American Cancer Society and the federal government's National Cancer Institute, commemorating the 25th anniversary of the NCI and the 25th anniversary of the society's first nationwide educational campaign against cancer."

HE SAID that objectives of the year-long anniversary celebration will be to "report to the public on where science now stands in cancer research, intensify the efforts being made to persuade the public to act for its own protection, improve the care of the cancer patient, and step up all programs to speed the final victory over cancer."

The current nationwide research attack on cancer is the greatest ever mounted against any disease, according to Atherton.

BECAUSE OF its concentration of large and modern universities, California is in the front lines of the cancer war. The American Cancer Society, for example, has \$1,781,492 in current research grants now being carried out at 20 institutions in this state.

Atherton pointed out that the American Cancer Society was the first voluntary health agency to direct major research activity against disease. Today it is the leading voluntary

health organization in the nation, administering the bulk of private funds devoted to cancer and leukemia research.

THE SOCIETY'S educational and fund raising Cancer Crusade will kick off here on Monday, April 2. Its purposes will be to raise funds in support of the society's programs of research, education, and service to cancer patients, and to acquaint the public with the value of regular health check-ups in detecting early cancer. During the campaign, local volunteers also will distribute lists of cancer's early warning signs.

Recruitment is now under way, according to Atherton, and persons interested in assisting the campaign are invited to call the society at OR 2-8148.

Help Needed By Red Cross

Volunteers are needed by the Torrance branch of American Red Cross.

Women "with just a few hours a week to spare" are needed to assist with two vital Torrance Red Cross projects.

Staff aides are needed as volunteers to staff the local Red Cross office and to assist on community and industrial bloodmobiles.

Typists, clerks and persons used to telephoning and dealing with the public are asked to "give a little time to these very worthwhile community projects."

Persons who wish to volunteer for duty at the Torrance Red Cross office are requested to call Mrs. Rose Craig, FA 8-2225 or FR 1-4224. Women who wish to serve on bloodmobiles are asked to telephone Mrs. Robert Orsini, FA 8-0647.
