

### Ishibashi Wins Nod for Show

Two first prizes in the Cut-Flower Growers of the California International Flower Show and Food Festival were won by James Ishibashi of Torrance; one for a display of iris and the other for an exhibit of narcissus and daffodils.

During 1961, some 3,839 persons died in accidents on California highways. Of these, 1,832 were drivers, 1,154 were passengers, 804 were pedestrians, and 48 were bicyclists, the California Highway Patrol reports.

Drinking drivers were involved in one out of three fatal accidents during 1961, according to the California Highway Patrol.

**DIGNITARIES VISIT . . .** Kelly Tire Co. officials this week visited the El Toro Tire Co., 17340 S. Figueroa, and helped observe the local firm's grand opening. Edward Torosian, right, owner of El Toro Tire, greets, left to right, Frank R. Michels, C. L. Schwennesen, both Kelly Tire district managers, and R. L. Calhoun, sales representative. (Herald Photo)

## Southland Records High Business Gain

Southern California's business activity experienced another record-breaking performance in February to register the largest year-to-year gain since August 1959. H. P. Atherton Jr., manager of Security First National Bank's Torrance branch, reported yesterday.

The bank's business index for February stood at 242.3 (preliminary) to record an 11.8 per cent increase over the same year-ago period. January's index reading was 238.0.

According to Atherton, the economy's vigorous advance was in contrast to the lull in activity which frequently characterizes this time of year.

**TWELVE OF THE** index's 14 seasonally adjusted components, led by department store sales, each of the bank debit series, industrial power sales and motion picture employment, advanced from January to February, Security pointed out.

The two components failing to increase were petroleum production and real estate sales. The latter's decline may reflect February's unusually heavy rainfall.

The Southland's employment dropped during February, in contrast to a general increase throughout the nation. The Los Angeles-Long Beach Area reported an increase in jobs of about 5,300, but the gain was not as large as usually occurs in the month.

**A YEAR-TO-YEAR** comparison is more favorable, Security said, showing an increase in Southern California employment of approximately 105,000. The unemployment force in the Los Angeles-Long Beach Area during February was down from the previous month but showed a 24,800 or 11.5 per cent decrease from the February 1961 total.

Total construction activity in 14 southernmost counties of the State was at a seasonally adjusted annual rate equal to \$3,427,000,000. This was 20 per cent below the exceptionally high January level and five per cent above February of last year.

The January to February decline was attributed to a falling-off in the fields of residential and engineering construction, Security Bank noted.

## Ex-Torrance Resident In Statewide Selection

A former Torrance resident, Dale Mozley, is one of five finalists in the statewide "Farmer of the Year" contest. Now a dairy farmer near Sacramento, he will compete in final judging Friday in Santa Ana through the sponsorship of the Sacramento Junior Chamber of Commerce.

Mozley and his wife, Ruth, will arrive tonight at International Airport where they'll be met by former Torrance neighbors, Mr. and Mrs. William McDougall, 4932 Newton St. The Mozleys and their three children had lived at 4920 Newton St.

Mozley, a former Douglas employe, and his family left the Southwest area in 1959, after a seven-year residence.
