

Bruinsma Slaps at Spending

Ted Bruinsma, endorsed Republican candidate for Congress in the 17th District, continued his strong campaign in the Torrance area this week addressing the Torrance Republican Club Tuesday, at the Torrance-Lomita Realty Board Wednesday, and the All-American City Young Republican Club Wednesday night at the Fern Avenue School.

In his talks, Bruinsma blasted the Federal spending program of incumbent Congressman Cecil King and the Kennedy Administration.

"If we give the New Frontier two more years they will nearly bankrupt the United States," he said. "Cecil King's silence in the face of all crucial issues before America today is hard to understand" Bruinsma said. "The people have a right to know just what position their congressman takes," he said.

In discussing Communism, Bruinsma said, "Continuance of the philosophy that we can kill Communism with kindness is now slapping back at us in

Laos and the other Red hot-spots around the world."

The candidate called the American program "the New Frontier Family Plan—you pay and they go."

Bruinsma concluded each of his talks by saying "there is a need in the 17th Congressional District for a Congressman who first, understands the problems; second, cares for his constituents, and third, will fight for them and for the principles which made our country great."

Separate Real Estate Firm Proposed for May Company

The May Department Stores Co. plans to form a separately operated real estate company. The May Realty and Investment Co., it was announced in a proxy statement sent to stockholders this week. Stockholders will be requested to approve the proposal at the annual meeting in New York, on June 5.

Morton D. May, president, said the May company's board of directors believes that the creation of The May Realty and Investment Co. represents "a unique opportunity for May to

capitalize on its real estate investment experience with resulting benefits to May and its stockholders."

THE NEW company would

purchase shopping centers and certain other properties from the May company as the nucleus for expanding into real estate activities beyond those related directly to the May

company's department store business. Its management would be drawn from the experienced staff built up in the course of the May company's development and management of regional shopping centers.

David May II, of Los Angeles, would resign his present position as executive vice president of the May company to become president and chief executive officer of The May Realty and Investment Co.

Petitioners To Visit Here

A "Reapportionment Caravan" consisting of a bus decorated with Senate reapportionment banners and carrying petitions and circulators is scheduled to stop Wednesday at 2:30 p.m. at the Del Amo

Shopping Center, Sepulveda and Hawthorne boulevards.

The caravan is headed by John S. Gibson Jr., co-chairman of the Los Angeles City Council Senate Reapportionment Committee.

ARTHUR M. WOOD Heads Sears in West

Sears Elects Arthur Wood To New Post

Directors of Sears, Roebuck and Co. this week elected Arthur M. Wood vice president in charge of the company's Pacific Coast territory, which includes all Sears operations in the western states.

He succeeds Austin T. Cushman, who was elected chairman of the board and chief executive officer.

The action by the Sears board, which followed the annual shareholders meeting in New York, formalized top management changes which had been proposed in February after Charles H. Kellstadt announced his intention to retire from active management.

WOOD, A native of Chicago, began his business career as an attorney with a leading Chicago law firm in 1937 after graduation from Princeton University and Harvard Law School. During World War II he served with the field artillery and Army air forces, being released from active duty with the rank of lieutenant colonel.

He joined Sears in 1946 at the company's national headquarters in Chicago to organize its legal division. He was chief legal officer until April, 1960; also serving as company secretary for nine years.

FOR THE past two years, Wood has been vice president and comptroller.

In his new position, he will direct the operations of 95 retail stores, two mail order plants, and 125 catalog sales offices in nine states—California, Oregon, Washington, Arizona, Utah, Nevada, Idaho, Alaska, and Hawaii.

Savings Firm Chief Slated For Address

Russell C. Chase, president and chairman of the board, Marina Federal Savings and Loan Assn., will present a film and speak at a luncheon to be given by the Inglewood Realty Board Monday, 11:30 a.m., at the Auditorium, 1003 S. Prairie, Inglewood. The topic of his speech will be "What You Should Know Before You Buy a Home."

Realtors of the area and members of the Realty Board will hear a discussion of the patterns followed by two average families engaged in looking for suitable homes. Considerations cover house construction, design, community services, taxes and insurance, title closings, home financing.

Key to the message lies in the fact that the biggest single lifetime investment of a family should be a guided project with contributing experience from realtor, home builder, and savings and loan official. Marina Federal Savings and Loan Assn., of which Chase is president, has three active offices in the Southwest: main office, Westchester; South Bay office, Lawndale; Del Amo office, Torrance.

A fourth office is coming soon at La Tijera Shopping Center.

Painter Gets Federal Job

Karl Lambert of Torrance was awarded a \$2,980 contract by the Small Business Administration.

The contract was for exterior painting. The contract was awarded under the agency's cooperative set-aside program with military and civilian purchasing agencies.
