O-o-o la-la!--- for Good Olallieberries

A new berry with a distinctive flavor and appearance is making food news in California this year—the Olallieberry.

This berry has been used for the past several years by commercial pie and cake bakers. Producers of many kinds of foods, being intrigued by its name, have tested Olallieberries for jams, jellies, syrups and many desserts.

The very latest wrinkle is Olallieberry ice cream.

CHINOOK NAME

The Olallieberry was originally developed in Oregon, where it was named after the word "Ollalie," used by the Chinook Indians of the lower Columbia River Valley for blackberry.

Olallieberries are a variety of blackberry produced as a cross between the black logan and the youngberry. The bush is a vigorous growing, trailing type blackberry whose outstanding characteristic is a bright berry color.

The attractive appearance of the fruit is combined with firmness of berry to make the variety highly desirable for market. The berries are some-

Spark cottage cheese salads with sour cream and honey dressing.

what longer than boysenberries and nearly as large.

Flavor Best Here

While the variety was developed in Oregon and tested in Washington, it is not hardy in these areas, and the flavor is considerably better when grown in California.

It is, therefore, becoming an increasingly important factor in California's agricultural economy.

For this reason, the California Olallieberry growers have formed a cooperative research and marketing organization known as the California Olallieberry Advisory Board, who are carrying on an educational and promotional program to develop new uses and users of their product.

Seasoned Butters

Butter for spreading on sandwiches should be allowed to soften before using. Here are suggestions for a variety of seasoned butters for spreading on bread, crackers, Rye Krisp, and, of course, sandwiches.

Add grated orange or lemon rind, some good California honey or molasses for fruit and nut breads. Minced onion, celery or parsley go well on meat, fish, egg and tomato sandwiches.

Perfect for the picnic feast, hobo-style are these cookies, crisp with molasses and spicy goodness.

HOBO COOKIES

- 1/2 cup soft shortening
- 1 cup sugar
- 1 egg
- 1/4 cup light molasses
- 1 1/2 cups sifted flour
- 2 tsp. soda
- 1/4 tsp. salt
- 1 tsp. cinnamon
- 1/2 tsp. cloves
- 1/4 tsp. ginger
- 1 cup rolled oats, uncooked

Heat oven to 375 degrees. Place shortening, sugar, egg and molasses in mixing bowl and beat thoroughly.

Sift together flour, soda, salt and spices and add to shortening mixture, mixing thoroughly. Stir in oats. Shape into balls about 1-inch in diameter and dip tops in sugar if desired.

Place on ungreased cookie sheets and bake in preheated oven for 8 to 12 minutes. Cool several minutes before removing from cookie sheets. Makes 3 dozen cookies.

The first dairy cattle were brought to Jamestown, Virginia, in 1611. A census made in Virginia colony in 1625 recorded 364 cows.

Now... Gerber in Wide-Top Jars

adds modern conveniences to nourishment

QUICK-TWIST CAP
A quick 1/4 turn and the jar is open. Another 1/4 turn recaps the jar to refrigerate any unused portion.

WIDE-TOP JAR
Makes it extra-easy to spoon out baby's food... right down to the last bit in the bottom of the jar.

SHOP-EASY LABEL
Variety names are right at the top of the label to speed selection... save precious shopping time.

Your baby's nutritional welfare comes first at Gerber. Matter of fact, our research program to insure the most nutritious foods possible is never-ending. But now... as a Gerber service to you... we offer these advanced container conveniences in both strained and junior foods. You'll be delighted to find that they simplify shopping, baby feeding and the storage of leftover food.

Important: Gerber Baby Foods are prepared by specialists who work in the interest of better infant nutrition. Over 100 varieties including cereals, for your baby's well-being and eating pleasure.

Babies are our business... our only business!
