

SURFING FAN . . . Young Pamela Brown was among those participating in the rough water races at Redondo Beach last week as part of the city's 70th anniversary celebration. She was entered in the contest for boys and girls from 10 to 15 years old.

Red Light On Roadway Means Stop

On the highway, a red light still means stop, and an amber light still signifies caution. "Some motorists apparently are confused when they see warning lights on parked California Highway Patrol cars," Commissioner Bradford M. Crittenden said.

"THE FLASHING amber light, which patrolmen use when hazards exist near but not upon the roadway, calls for extreme caution by passing motorists. It does not require a full stop. Frequently unnecessary congestion develops because motorists come to sudden stops on approaching the flashing amber light.

"The flashing or steady burning red light seen on a halted patrol car, however, indicates that an extreme hazard is imminent — probably blocking all or a portion of the roadway.

"THE RED light indicates that traffic should be prepared to make a full stop, or will be required to proceed only as directed.

"Specific restrictions apply to use of both red and amber lights by patrol vehicles. Motorist awareness of the meaning of each will serve to smooth traffic flow and reduce hazards to other drivers," the commissioner said.

Local Girls On Cal Poly Honor List

Two Torrance students were among 273 full-time scholars at California State Polytechnic College at San Luis Obispo to be named to the President's List for academic 1961-62.

Diane E. Bower, 3753 W. 182nd St., is a sophomore at the college. She is majoring in Social Science. Also named to the list was Sally Ann Plumer, 20530 Wayne Ave., a sophomore majoring in Physical Education.

The President's List is published annually to honor those students who have earned a 3.0 or better average during the school year. Students must be enrolled for at least seven units each quarter.

All but 28 of the 273 students were from California. Ten students were from foreign countries.

NEW EQUIPMENT . . . Additional equipment was added to the Riviera Hospital recently, purchased with money donated to the hospital by the Women's Auxiliary. Here, Mrs. William A. Bailey, right, presents the check to Dr. David M. Dickey, president of the hospital Board of Directors. Looking on are Mrs. Jack B. Horn and Mrs. J. Ralph Black, both officers of the auxiliary. The money was used to provide a hydrocollator for the hospital and other similar equipment.

Resources Total \$2.7 Million

Officials of the Guaranty Bank in Torrance have announced that deposit and loan business for the first 59 days of operation has far exceeded initial expectations.

Acceptance of the bank's policies is reflected in the financial figures reported in the June 30 statement of condition. Deposits totaled \$2,125,983; loans \$740,824; and total resources \$2,700,040.

The bank opened its office at Sepulveda and Hawthorne Boulevards in April. D. P. Loomis, president, reported the bank's permanent building, to be constructed on the same site, will be ready about Dec. 1.

Loomis also expressed the appreciation of the bank's directors for "the fine endorsement Guaranty Bank has received from the South Bay community, and its business and industrial firms."

Time for the classes is 6:30 to 8:30 p.m. A charge of 50 cents per week will be made for each child enrolled. Noble and Peggy Spees, well known in this area for their work with children, will be instructors for the sessions.
