

Camino Sets Registration For Post Session Classes

Registration for post session classes to be conducted at El Camino College from Aug. 6-31 will be held in the Student Activity Building Aug. 3.

Students whose surnames beginning with letters A through L will register from 8:30 to 9:30 a.m., and those from M through Z will sign for courses from 10 to 11 a.m., Leo Christian, assistant director of student personnel, notes.

Some 30 classes, representing most of the basic courses required in a college program, will be included as the college offers the post session for the first time in its 15-year history. The traditional six-week summer session will close on the campus Aug. 1.

ALL CLASSES for the four-week program will be scheduled for morning hours, with a 4-unit program considered the maximum load which can be carried by a student.

Registrants must be legal residents of the El Camino College District or Los Angeles contract area. They must be 18 years of age or older, or must have been graduated from high school. All registrants must comply with California law regarding poliomyelitis immunization.

General registration for the fall semester at El Camino College will be conducted in the Student Activity Building on Aug. 23, 24, 27, 28, 29, and 30. Reservation cards to register must be secured in the Registration Office beginning July 20 with placement tests, if required, to be completed three school days prior to registration.

Full-time students who have not already made appointments to register may now do so in person during daytime hours.

Hampton Players Begin Casting For Next Play

Casting for the forthcoming Hampton Players production of the "Twelfth of Never" will be held Monday and Tuesday, July 23 and 24, at 8 p.m. at the Hampton Theater.

Characters in the play include three teen-age boys and three teen-age girls, and six men and four women between 30 and 50.

The play will open for a five-weekend run on Sept. 21 at the Hampton Theater, 100 Wall St., Redondo Beach.

FIVE YEAR RUN

Modern Navy aircraft carriers, powered by eight nuclear reactors, have the ability to run continuously at top speed for five years without refueling.
