PETER NERO HERE TUESDAY

## Recording Artist to Perform

El Camino College will present "An Evening in Jazz Concert with the Peter Nero Trio" Tuesday in the women's gymnasium at 8:30 p.m.

Nero, a piano recording artist for RCA Victor, is noted for his albums "Pianoforte," "New Piano In Town" and others. "Pianist Nero's playing creates an aura of electricity," music critics say.

THE 28-YEAR-OLD Nero has met with "usual critical success" at many famous show places, including the Las Vegas Sands and Tropicana Hotels.

New York-born, Peter Nero started playing the piano at seven. At 14 he had won several contests, symphony hall appearance, and a Julliard School of Music scholarship. At 17 he started playing popular music and studying composition at Julliard and Brooklyn College.

NUTRITION BULLETIN FROM THE BABY FOOD SPECIALISTS

## Improving the food values of your baby's vegetables is a constant aim of Gerber agricultural research

Take Gerber Carrots. In one experiment alone, (working with seed companies, agricultural colleges and growers) 30 varieties of carrots were grown to find the ones with the highest vitamin-A value and the best color and flavor. Everything that could be controlled was controlled from soil selection right through growing and harvesting. Each variety was individually processed, evaluated for nutritive values and color ... then flavor-tested by taste experts.

Research projects like this are part of Gerber's continuing program to develop the most nourishing baby foods possible. Just what you'd expect from specialists who devote all their efforts to your baby... and all babies. BABIES ARE OUR BUSINESS... OUR ONLY BUSINESS!®
