 \$4225? \$5225? \$6225? \$8225? \$9225? If you guessed \$5225 or more don't feel bad. The Volvo P1800 sells for \$4225\* even though it gives you many of the features that come on \$10,000 cars. As Road & Track magazine put it, "The P1800 is a very civilized touring car for people who want to travel rapidly in style, a Gran Turismo car of the type much in the news these days—but at a price that many people who cannot afford a Ferrari or Aston Martin will be able to pay." (If you missed by more than \$1,000, cheat a little and come in anyway. We'll give you the keys to a P1800 and you can check it out for yourself.)
