The New *Lomita Verde*

CONVALESCENT
HOSPITAL AND
REST HOME

Open House Sunday, March 17th, 10 a. m. to 5 p. m. . . . Public Cordially Invited to Inspect These Ultra-Modern Facilities

2458 Lomita Boulevard Lomita Phone 326-8003
(Lomita Blvd. at Crenshaw)

Mrs. Helen B. Huddy R.N., Stanford School of Nursing graduate. Over 20 years experience in this profession and long time owner of several Rest Homes in Southern California brings to Lomita California a modern Convalescent Hospital equipped with the most up to date facilities known to the Convalescent Hospital profession. For here is a subtle blending of superb service and home-like decor in which family and friends will have confidence and pride.

FOR THOSE PATIENTS who require it, your own doctor has at his call oxygen, infra-red and other special medical facilities.

All meals are supervised by experienced personnel who work in full cooperation with each patient's physician. The most modern kitchen equipment and selected fresh meats and vegetables help the chef prepare the finest foods. Complete hospital records guide the doctor of your choice in planning your back to health program.

Each room has its own bath facilities, and floor to ceiling Arcadia doors which overlook a very restful patio. Central heating and air conditioning systems provide patient comfort at all times.

For the comfort of geriatric, cardiac, chronic, orthopedic, post-operative and other patients needing convalescent care every facility is provided. Spacious recreation rooms, restful patios and planned programs for recreation and occupational therapy lend an atmosphere of a home away from home.

REGISTERED NURSES SPECIALLY TRAINED IN INVALID CARE PROVIDE 24-HOUR SERVICE TO THE PATIENT. PRIVATE DUTY NURSES ARE AVAILABLE AT THE REQUEST OF THE PATIENT'S DOCTOR OR FAMILY.
