# NEW ORDER LIMITS PICKETS

**A Penny for your Thoughts**

"If you could be anyone in the world who has lived during the past 100 years, who would you be and why?" the Pennies photographer asked several young ladies.

**Karen Durham, 21602 Paul Ave.**  
"I would like to be Caroline Kennedy. I like horses and she has lots of them, and I admire her very much. I don't think I would want to live in the White House, however."

**Patil Raso, 20527 Wayne Ave.**  
"I would like very much to be Pope Pius XII. He did a lot of good for the world, and I would like to do something, too. I admire and respect his work very much, and I think he will be remembered."

**Sandra Durham, 21602 Paul Ave.**  
"I would like to be Sandra Dee, because I like the idea of making movies. I have been in some plays before, and I like to act. She is also very pretty and I would just like to be her."

**Diana Clark, 21505 Redbeam Ave.**  
"I think I'd like to be Hayley Mills. I do not care much for acting, but she has a very nice and friendly personality. Personality is the most important part of a person as far as I am concerned."

**Joan Bongard, 21914 Linda Dr.**  
"I would like to be Mrs. John F. Kennedy. Her life is very full and I like the idea of being married to the President of the United States. She travels, too, and I would like to travel around the world."

## Teachers Ask Increases in Top Salaries

Board of Education members will receive a request for an increase in salaries from the Torrance Education Assn. at their meeting Monday evening. Garth Belknap, president of the TEA, will make the presentation.

The trustees will convene at 7:30 p.m. in the board room at the district offices. Belknap will ask that the board approve salary adjustments averaging about three and one half per cent. The increases will not, however, be across the board. Adjustments of less than two per cent at the minimum levels will be asked, while a seven per cent increase in the maximum levels is being sought.

**THE SCHEDULE** proposes a minimum salary of \$5,300 and a maximum of \$10,500, compared to the present minimum of \$5,202 and maximum of \$9,825.

The requested scale would also add a step in order to increase the spread between the high and low salaries on the schedule. The current schedule requires 14 steps to reach the maximum level in the district. In his letter to the trustees, Belknap notes that the Torrance district already has a good starting salary, but that the maximum falls far below the level of other area districts. The TEA has asked that the spread between the minimum and maximum salaries be increased to "remove inequities that, at the present time, discriminate against the experienced teacher."

**BELKNAP ALSO** adds that the new teacher today is more concerned with maximum salaries because of the retirement system. He says the ratio of minimum to maximum salaries is at the bottom of a list of nine districts surveyed. The current Torrance ratio is 84. An ideal ratio is 100, where the maximum is double the minimum salary.

**Dr. J. H. Hull**, superintendent of schools, will recommend a three and one half per cent increase across the board. His recommendations will make no changes in the number of steps. Maximum salary if Dr. Hull's proposal is adopted would be \$10,169, while the

**SHOW WORK . . .** Camp Fire Girls Vicki Green, 10; Judy Green, 11; Leigh Woodbury, 12; and Cindy Braly, 12; show some of their craft projects which they made during day camp at Torrance Park. The girls spent the hours making the crafts and doing several other activities at the camp. The annual camp is open to Camp Fire Girls throughout the area. (Herald Photo)

## Board of Public Works Tours Site; Hears City

A decision on the Palos Verdes site for South Bay State College will be made by the State Board of Public Works at its regular meeting in August or September. The announcement was made by chairman Hale Champion at a hearing on the recommended site Friday afternoon.

The hearing, called by the board which must approve the recommendation of the State College Board of Trustees, was attended by representatives of Torrance and Peninsula cities. Prior to the hearing, held at the California Museum of Science and Industry, the members of the public works board toured both the Palos Verdes and Torrance sites for the college.

**COUNCILMAN** Nicholas Dralle, chairman of the City Council Committee for South Bay State

College, and Mayor Albert Isen headed the Torrance delegation. Also present were Mrs. Kenneth E. Watts, the Rev. Mr. David Beadles, councilman Jay Beasley, city manager Wade Peebles, and Torrance Chamber of Commerce manager J. Walker Owens.

Dralle made the formal presentation for Torrance, setting forth the advantages of the location and the list of services the City of Torrance has agreed to provide for the college. Mayor Isen again told the board that the citizens of Torrance "want the college in our city."

Mayor Teena Clifton of Rolling Hills Estates again pro-

tested the location of the college on the Scientific research and development land in the Peninsula area. She was joined by the mayors of both Rolling Hills and Palos Verdes Estates.

**THE PALOS VERDES** School District also told the Board of Public Works that the location of the college on the Peninsula would deprive the area of valuable tax land and create a financial crisis in the school district.

Charles Luckman, chairman of the board of trustees and the chief proponent of the Peninsula site, told the committee that a dream of the Nortronics Corp., now located in the SR&D land, had collapsed. Luckman also said no tax base land would be lost to the college.

The board chairman did, however, admit that the trustees would have to take a sizeable portion of the specially zoned land. Luckman told the members of the public works board that since the dream of a research park in the hills had collapsed, nothing would

## Fair Ponies Parade Here Tomorrow

Ten local children will get a free ride through downtown streets tomorrow to remind residents of the Los Angeles County Fair. The children will ride on two pony-pulled rigs.

On board for the Fair will be Cheryl and Danny Cleveland, Teresa Stock, Pat Richardson, Donny and Bobby Anderson, Tony Schroeder, Ileen Locke, Mia Roberts, and Bobby Adams.

The two wagons will be pulled by teams of black and white Shetland ponies. The wagons will begin their rounds of Torrance at 1 p.m. The Los Angeles Fair opens at the Pomona Fairgrounds Sept. 13, and will run through Sept. 29. Highlights for the year will include monorail rides, more than 40,000 exhibits, and a five-day circus performance. Janet Blair will headline the all-star revue Sept. 25 through 29.

**PARADE THROUGH TOWN . . .** Two Los Angeles County Fair wagons will be pulled through Torrance tomorrow by teams of black and white ponies to remind residents of the forthcoming Torrance Day at the County Fair. Ten local children will ride the wagons through streets in the downtown area. Actual date of Torrance Day has not been announced yet, report fair officials.

## Judge Places Stiff Curbs On Picketing

Superior Court Judge Alfred Gitelson issued a temporary injunction severely limiting picketing activities in the Southwood Riviera Royale tract Thursday and ordered the Congress of Racial Equality to appear Friday to show cause why the injunction should not be made permanent.

The restraining order, sought by Torrance in a public nuisance suit, was considerably more detailed than a temporary order issued Tuesday in a similar suit filed by builder Don Wilson.

Pickets are limited to demonstrating 10 minutes in each hour and must restrict themselves to one side of the sidewalk. Pickets must also remain at least 10 feet apart, and cannot conduct sit-in demonstrations at the tract.

**JUDGE GITELSON** also said no demonstrators would be allowed in the tract before 8 a.m. or after 7 p.m.

A hearing has been set for Aug. 23 at which the organizations named in the suit must show cause why the injunction should not be made permanent.

Judge Gitelson said the order does not restrain CORE or other groups from picketing, parading, or otherwise demonstrating in the tract so long as such demonstrations are peaceable, conform to law, and do not disturb the peace.

**IN RELATED** action in Division 1 of South Bay Municipal Court proceedings have been recessed for the weekend after four days of questioning prospective jurors. Defense attorneys for 23 CORE demonstrators have used 12 of their 125 preemptory challenges.

The 23 face trial on charges of trespassing growing out of demonstrations on July 27 and 28. No jurors have been seated during the four days, and defense attorneys have given no reason for their challenges.

Questioning of prospective jurors will continue Monday. Defense attorneys have been working in relays in Judge Otto B. Willet's court. Questioning of prospective jurors

## Radios Taken by Thieves

Thieves stayed busy in Torrance Thursday and Friday, getting away with a haul of citizen band radios, furniture, and about \$175 in cash. Total value of the loot was estimated at about \$3,000.

Philip E. Schlickbernd of Los Angeles, Dale Laven of 22638 Anza Ave., and Martin Vangs of 16534 Ardith Ave., all reported the theft of citizen band radios from their cars Friday evening. All three had parked their cars near Walteria Park and found the radios missing when they returned about 10 p.m.

**VERNON CARRIER**, manager of Alpert's Furniture at 20502 Hawthorne Blvd., reported the theft of more than \$2,000 in various items of furniture. No one was seen near the building, but police believe at least two men were involved. Carrier also reported his office had been ransacked.

Bill Holiday, a service station operator, called police about 10 p.m. Friday to report a holdup at his service station. Holiday said two men came in and asked for gas, then demanded to know where the safe was.

When they were told there was no safe, one of the suspects opened the cash box and removed about \$130. They also took \$43 from another attendant and ordered both attendants to "walk around the station." The suspects fled with the loot.

## Torrance Greets Foreign Students

Three American Field Service foreign exchange students will be welcomed to Torrance on Thursday, Aug. 29, with a potluck dinner in the YWCA building on Carson Street and Plaza Del Amo.

The dinner will welcome Anne Marie Horn of Nottedden, Norway, who will attend South High and live with the Robert Sullivan family; Clovis Bender of Sao Leopoldo, Brazil, who will live with the Argyle Prescotts and attend West High; and Hymie Luboff of Johannesburg, South Africa, who will live with the William Watermans and attend Torrance High.

The American Field Service is a non-profit organization which brings students from 60

foreign countries to the United States to live with a family for one year while attending a local high school as a member of the senior class.

**THE TORRANCE** chapter of the AFS has hosted 22 students in its eight-year history. Membership is \$3 per year and all monies go directly towards the \$700 fee per student cost to the chapter.

Chapter President Joseph Dock urged members of the community "to turn out and welcome these fine young people at the potluck dinner." Dock also announced that an International Buffet is being planned for Sunday, Sept. 29, at the YWCA to help raise money for next year's exchange students.
