BANDIT FLEES HOLDUP SCENE

A Penny for your Thoughts

Nine more months of classroom activity are just around the corner for Torrance youths and the Pennies Photographer asked five area students, "Are you happy about going back to school?"

Paul Provins, 23310 Evelyn Ave.
"In a way I am looking forward to going back to school. I miss playing with some of my friends and I like arithmetic and English. So far I have not been bored with summer and I am not real happy about going back."

Marsha Johnson, Inglewood:
"I look forward to going back to school. It is fun finding out who your teachers will be for the next year and seeing friends you have not seen all summer. I like English in school, but I do not miss it in the summer."

Steve Price, 4804 MacAfee Rd.
"No, I do not want to go back to school because I do not like it. It is not fun, the work is too hard. I would rather spend my time swimming like I do in the summer, although I like playing with my friends in school."

Kathy Peterson, Inglewood:
"Although summer is boring at times, I do not want to go back to school because then I have to concentrate and work. I like spending my time at the beach, but I do like to go back and see the friends I have missed."

Mike Provins, 23310 Evelyn Ave.
"It is sort of fun to go back to school because I like American history and arithmetic. Of course I always look forward to school coming around and I wish there was more summer than school."
