(3 BLOCKS SOUTH OF DEL AMO SHOPPING CENTER)

## NO MONEY DOWN!

Low prices plus CONVENIENT CREDIT

Take up to a full 6 months to pay the balance!

## Know Your Traffic Laws

Prepared in cooperation with the Traffic Education Bureau of the Torrance Police Department

Prior to this year, the traffic accident rate of Torrance has shown a decrease. This was accomplished while our city and the entire Southwest area was growing at a rapid rate in terms of pedestrians and motor vehicles.

During this period, numerous traffic signals and new speed zones were installed. Streets were also widened.

Your police department, in addition to keeping accurate records of when and where accidents were occurring, diverted attention to those high accident frequency areas for enforcement. This, coupled with the efforts of the citizens of Torrance, proved traffic accidents can be prevented.

THIS YEAR the accident rate of Torrance has increased. During the first eight months nine persons have lost their lives, three of which were pedestrians. Five hundred and twenty-four persons have been injured and a grand total of 848 accidents have occurred on our city streets and highways. These figures represent an increase over the same period last year.

When one considers that most of those injured or killed were involved in a traffic accident that could have been avoided then it becomes apparent that we as drivers and pedestrians must make an appraisal of our driving and walking habits and renew our efforts towards preventing accidents. By ignoring our traffic laws you risk not only your own life but the life of your fellowman or loved ones.

WHEN DRIVING your car or walking there is little margin for error and a mistake can cost you your life. The following list of driver and pedestrian violations are the leading cause of accidents in our city. Know what violations cause accidents and don't be guilty of violating any of these traffic laws that are for your protection.

1. Drive according to the posted speed limit and never in excess of what is safe for the conditions.

2. Observe all traffic signals and signs.

3. Yield the right of way to those who have earned it. Be willing to share the road with your fellowman. Right of way is earned and not taken.

4. Keep ample room between your car and traffic in front of you. Never follow other cars at a distance so close that you cannot stop in time to avoid an impact should an emergency arise.

5. Always give appropriate signal prior to changing traffic lanes or turning to the right or left and give such signal at least 100 feet prior to such movement.

6. When walking, traffic signs and signals apply to you as well as the driving public. Do not jay walk but cross street only at corners using crosswalk when available. Obey pedestrian controls at those intersections equipped with special pedestrian controls.

It is not too late to renew our efforts towards traffic accident prevention and keep our city streets and highways accident-free, but only you, the driving public, can make this possible.

### Northrop Tech Honors Donors

Paul Ashby, 26025 Narbonne Ave., and Edward T. White, 22815 Fern Ave., were among 34 graduates of Northrop Institute of Technology honored last week in a ceremony acknowledging personal contributions of \$1,000 or more each to the college's alumni library fund.

Northrop Institute President Herbert W. Harley presented each of the donors with a special gold president's key at a luncheon meeting held near the present college campus in Inglewood.

### Chest X-Ray Unit

A chest x-ray mobile unit will be at El Camino College today from 9 a.m. to 8:30 p.m. Cost for x-rays is \$1.

Good Adverse Neutral

Today savings and loan associations make more than a million home loans a year... more than all other financial institutions combined.

### Thanks a hundred billion!

This month the savings and loan business passes the 100 billion dollar mark in assets. We are proud to be a part of it. The savings and loan business is built on the right and incentive of human beings to better themselves. Its assets have grown from the thrift of its 35 million savers who are building sound financial futures for themselves. We join all savings and loan associations in saying to you, "Thanks a hundred billion" for your confidence in us.
