

Aquarists To Finalize Show Plans

Jack Vince of Long Beach will be the guest speaker at the Harbor Aquarium Society meeting tonight, at 8, in the Recreation Hall at McMasters Park, Artesia and Yukon.

Plans will be finalized also for the ninth annual aquarium show which will be presented Oct. 4, 5 and 6 at the Cabrillo Beach Marine Museum in San Pedro.

The display will be held under the sponsorship of the Harbor Aquarium Society and the Recreation and Parks Department of the city of Los Angeles. The Southern California Guppy Assn. will also participate.

The exhibit, from 9 a.m. to 5 p.m. daily, will be free to the public.

Navy Supply Moves Office To Torrance

The office of Capt. A. L. Gurney, USN, inspector of naval material, L.A., will go into full operation Monday at Building 71, Douglas-Torrance Facility, Torrance. The move from the present location at 919 S. Broadway, has been set for Saturday and Sunday.

The Los Angeles Office of the Inspector of Naval Material has a personnel complement of six officers and 485 civilians. Of this total, five officers and 196 civilians will be headquartered at Torrance. Annual payroll brought into the area will exceed \$1 million.

"We are delighted to be moving to the Torrance area," Captain Gurney stated. "Our space in Building 71 of the Douglas-Torrance Facility is most conducive to an efficient operation. City officials of Torrance and the Torrance Chamber of Commerce have been of great assistance to us during the move planning stages. My staff and I extend our thanks."

A "coffee klatch" will be held at 10 a.m. Tuesday in Building 71, for community leaders of Torrance as a mutual "glad to have you aboard" get together.

Garden Checklist

1. Tuberos begonias will continue their bloom well into fall if you feed them regularly with fresh fertilizer and spray them for mildew.

2. All container-grown ornamentals may be planted now—even those which will soon be losing their leaves.

3. Rework compacted soils this fall, adding humus and chemical organic soil conditioners.

4. The earliest camellias—the sasanqua varieties—will soon show color. Shop for them in bloom.

5. Give chrysanthemums a final feeding if their buds are still not showing.
