This grandfather teaches his grandson about freedom. Who is teaching your children to speak up for freedom?

Where did you learn about freedom? In school, to be sure, you learned the dates and places and battles. Here and there, a great teacher brought them to life, made you see vividly what freedom means. But didn't you learn most about freedom by living it from day to day in your own home? You saw your family make its own way. You heard your parents speak up freely. You saw them vote, act, work, quit, spend, save, move, stay, *freely*. And when your father told you why he chose to do as he did, deciding for himself the way to go, you understood better why other men took their weapons and walked to Lexington and Concord. What have you to say to your children and grandchildren about the American Way? They'll be up to their necks in the fight for freedom soon; the Communists will see to that. Whether they win the fight depends upon how strongly they want to win,

upon how strongly they *believe* in freedom. And they must understand enough about freedom not to give it away piecemeal at home. Freedom can be taken away, as every Pole and Hungarian knows. Cubans know it can be lost in other ways. Perhaps you've tried to share your thoughts about freedom, but find it hard to express them. Then join Freedoms Foundation. Learn how to think up, speak up and act up for freedom every day, in your own backyard. Freedoms Foundation is a nonprofit, nonsectarian organization devoted solely to the preservation of the American Way. Dwight D. Eisenhower is Chairman. Your contribution of ten, five, even one dollar will help in the fight for freedom. It will bring you membership in Freedoms Foundation, and your copy of "Freedoms Handbook," a tool to help you work effectively for freedom.
