

New General Motors Exhibit Opens Today

A major new automotive exhibit by General Motors will be opened in Los Angeles today. Titled "The Turning Wheel," it deals with all aspects of the creation and use of the automobile. It is housed in the new Science Wing of the California Museum of Science and Industry, in Exposition Park, and is over 5,000 square feet in area.

"The Turning Wheel" is the first permanent exhibit to be erected by General Motors in the west. It was conceived and

built by the GM styling staff and GM distribution staff, which will maintain and update the exhibit to keep pace with automotive advances in coming years.

SOME OF THE exhibit areas are: Milestones in Man's Mobility, Energy Systems That Make Your Car Go, and The Automobile in Our Life. Research, design, testing, and production of automobiles are shown both entertainingly and informatively. "The Turning

Wheel" also forecasts some of the engineering and styling trends that could be significant in the future.

Visitors to the GM exhibit can operate a car's electrical system, lift their own weight with the aid of power steering, and try four kinds of simple machines and their counterparts in the car.

BY PRESSING a button they start a film showing Los Angeles freeway traffic. Then the film stops to show what would

happen if "The Motor Vehicle Takes a Holiday."

More than 10 actual engines, transmissions, and chassis are shown in the exhibit. They range from a 1902 single-cylinder Cadillac engine to a 1963 Chevrolet chassis. Many are sectioned and animated to show features of interest.

Actions are right in proportion as they tend to promote happiness; wrong as they tend to produce the reverse of happiness.—John Stuart Mill

Home Safety Council Topic

Margaret Denmark Collins, Torrance School District curriculum consultant, will speak on "What a Safety Chairman Can Do to Promote Safety in the Home, Community and School," Monday at a meeting to the Torrance Traffic Safety Council.

The noon luncheon will be held at the Recreation Center, 3341 Torrance Blvd., at the rear of the Benstead plunge. The luncheon will be the first at a new location. In the past the council has met at a downtown restaurant.

Attending the monthly luncheon will be chamber, city officials and representatives of various school PTAs, civic and service organizations.

Marine Corporal Thomas J. Lucas, son of Mr. and Mrs. Joseph T. Lucas of 1755 Juniper St., serving with the Second Light Anti-Aircraft Missile Battalion, participated in training exercises, March 13 through 16, at the Marine Corps Base, Twenty-nine Palms, Calif.

FOR GREATER "TAKE HOME" Value

Market Basket shoppers get more for their money. That's what we mean by greater "Take Home Value." They get low prices on quality products, a tremendous variety of products to choose from and friendly, courteous service. Get the most for your money EVERY TIME. Become a Market Basket shopper ...
