

### Louis Munez To Address Lions Club

J. Louis Munez Jr., assistant vice president in the international banking department of Security First National Bank, will address the Torrance Lions Club at noon, Tuesday, at the Palms Cafe on the importance of keeping Americans "sold" on the importance of world trade to the American economy.

The 37th annual World Trade Week, May 19-25, is held to remind Southern Californians world trade is a billion dollar industry, directly responsible for more than 250,000 jobs.

### Rushin' Roulette by Chon Day

The Travelers Safety Service

Motor vehicle accidents killed and injured 3,385,500 persons in 1962.

**INSPECT EXHIBIT . . .** Dr. J. H. Hull (left), superintendent of schools here, and Albert Charles, member of the Board of Education, are shown previewing the latest addition to the visual education facilities of Southland schools, a permanent 5,000-square-foot exhibit which teaches basic physical science by telling the story of the development of the automobile. They are inspecting a massive 1915 Cadillac engine in front of a textbook-type panel describing engine development in the new exhibit created by General Motors for the California Museum of Science and Industry.

### City Hall Displays Trophies

A total of 13 major trophies as well as a trophy for each unit entered in the Torrance Armed Forces Day parade will be awarded this year according to Fred Rathert, parade general chairman. The parade, fourth annual for the city, will be held on Saturday.

The list of trophies include five major outstanding perpetual trophies which are mainly for military participation. They are:

Secretary of defense trophy for best regular armed forces unit, secretary of defense trophy for best reserve force entry, the governor's trophy for best California National Guard entry, and the Torrance Chamber of Commerce trophy for best exhibit area display, and mayor of Torrance trophy for best Torrance entry.

**OTHER PRIZE** trophies to be awarded include winners of each marching unit (open class), best ROTC unit, best military music unit (includes regular, National Guard, reserve, and senior ROTC units), best aerospace exhibit, best combat exhibit, best combat support exhibit, and best civilian entry.

Trophy committee chairman Orin P. Johnson states that the assembled trophies are now on display at the Torrance City Hall, 3031 W. Torrance Blvd., and will be presented to winning units immediately following the parade.

**DEBATING TEAM . . .** North High School seniors Michael Jones and Elias Baumgarten have been named statewide winners as a debating team and will now compete in national finals in Houston, Tex., in June.

### North High Seniors Named Top Debaters

Two North High School seniors have won a statewide debating championship and will now compete in a national debating contest in June.

They are Michael Jones, son of Mrs. Marguerite Jones of 3844 W. 171st St., and Elias Baumgarten, son of Mr. and Mrs. Gabriel Baumgarten of 4023 W. 176th St.

Debating as a team, they took the affirmative side of the topic "Resolved: That the United States should promote a common market for the Western Hemisphere" in finals held recently in Santa Barbara.

Judith Morgan, a junior, and Peter Gregora, a senior, added to the overall points by winning one-half of their debate.

North also took a third, fifth and seventh in boys' extemporaneous. Competing against 33 other students, Elias placed third; Peter, fifth; and Michael, seventh.

### Seeks Remedy For Freeway Traffic Jam

**THE NATIONAL** finals will be held in Houston, Tex. This will be the second year they have attended the finals, qualifying last year by taking a district title.

The two youths have won the highest number of National Forensic League points, 1,458, as a debate team and rated as two of the top speakers in the nation, according to the NFL. In individual points Michael is rated second in the nation with 737 points and Elias third with 721.

**MICHAEL HAS** previously won 26 speech trophies in debate, extemporaneous, dramatics and humorous speech. Elias, entered in debate and extemporaneous, has received third place honors at state contests and taken first in the NFL district events.

Out of 120 schools North High placed second in state finals with a total of 26 trophies.

Irritating traffic jams each day on the Harbor Freeway at its junction with the Santa Monica Freeway have prompted Supervisor Kenneth Hahn to request the state to provide an engineering remedy.

Hahn has suggested to Edward T. Telford, state metropolitan engineer, that the right lane of the southbound Harbor Freeway be designated strictly for on-coming Santa Monica Freeway traffic.

Telford's department is now studying the interchange "with a view to making some modifications and adjustments."

### Dersham Completes Insurance Course

Michael B. Dersham, 5300 Lorna, has completed a special 40-week professional course in advanced life insurance underwriting. He is a special agent for the Long Beach agency of the Prudential Insurance Co.

### Lomita Drain Work Starts

A \$12,000 roadway drainage project on Woodward Avenue from 245th to 248th Streets was scheduled to begin this week in Lomita.

The Road Department work will consist of placing two-foot diameter corrugated metal pipe between the limits of the project.

In addition, catch basins and junction structures will be installed and the trench resurfaced with asphaltic concrete.

Supervisor Burton W. Chace urges motorists to drive with caution in the construction area.

### Diseases Reported

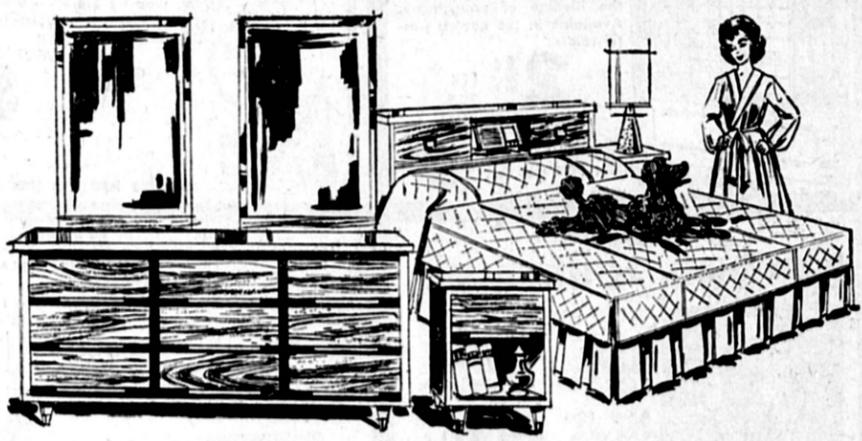

Two cases each of syphilis, mumps, gonorrhea and measles have been reported to the Los Angeles Council Health Department for the Torrance area for the week ending May 4.

### Chest X-ray Unit in Torrance

Why not be sure? Reveals lung cancer—tuberculosis—and heart enlargements. Unit open to everyone. Located at White Front Store, corner of Torrance and Hawthorne Blvds., May 17, 12 to 6 p.m.; May 19, 12 to 5 p.m.; May 20 and 21, 4 to 9 p.m. Only cost \$1.00. Reports mailed in two weeks.
