Lines Busy At Holiday; Phone Early

Telephone companies are urging the early placing of telephone calls to friends and families this Christmas. An increase in telephone usage is anticipated due to the influx of new people into Southwest.

Three suggestions to avoid the disappointment and frustration of not being able to contact loved ones are:

1. Plan telephone holiday get-togethers for times other than Christmas Eve or Christmas Day.
2. Get the telephone number in advance. If the area code is different than yours, be sure and write down the area code number, too.
3. For faster service, dial long distance calls directly. Direct distance dialing is extremely simple to use and there is a list of area codes and corresponding cities in the telephone directory.

Peak Christmas traffic hours are expected to be from 6 p.m., Dec. 24 until 10 p.m., Dec. 25. Therefore, the best time for a call during the holiday period is before 6 p.m., Dec. 23 or on Dec. 26.
