

### County OK's Land Pact

The county has approved a settlement for a parcel of land needed in the improvement of the Dominguez Channel flood control facility near Torrance. The County Flood Control District will pay owner Bert W. Martin of San Marino \$13,318 for the land at 113th Street west of Perry Street. The parcel will be utilized in improving a section of the channel running from Wil-

mington Avenue to Avalon Boulevard now under construction.

Contractor is Guy F. Atkinson Co. of Long Beach under terms of a \$3,466,329 pact awarded by the Board of Supervisors July 30.

The work is being supervised by District Chief Engineer M. E. Salisbury and is due for completion late in 1965, according to Supervisor Burton W. Chace.
