

**MARK OPENING . . .** Opening of the new Gold's Furniture and Appliance Store at Artesia Boulevard and Hawthorne Avenue was celebrated Thursday. Ceremonies marking the grand opening were held at 9 a.m. before the first customers went into the new store. Shown here during the ribbon cutting are: Richard Markson, manager of the store; George Post, president of the Torrance Chamber of Commerce; Miss Patti Campisi, substituting for Miss Torrance; Richard Goid, president of Gold's; and George Vico, mayor pro tempore of Torrance. (Herald Photo)

**"MOST ORIGINAL" . . .** Mr. and Mrs. Keith Vandervoort of 3737 W. 176th St. are presented with award from Dick Fitzgerald (center), manager of the Redondo Beach Chamber of Commerce, as winners in the first annual Yacht Christmas Lighting Contest sponsored by Portofino Marina. The Vandervoort's yacht, an original Chinese junk, was judged "most original."

**PLAN ASSEMBLY . . .** Russell Cantwell (right), circuit supervisor for Jehovah's Witnesses, talks over plans with Clayton Lyon (center), convention manager, and his assistant, Mel Harrington, for their semiannual circuit assembly to convene at George Washington High School at 108th Street and Denker Avenue next Friday, Saturday, and Sunday.

### Garden Checklist

1. This is a good time to prune deciduous trees. Remove the crossing limbs and twiggy growth. Cut long willowy limbs back somewhat pruning to an outside growth bud (long and narrow bud). Make sure you do it right—check with your California Association of Nurserymen nurseryman before you start.
2. Camellias are blooming wildly. Look them over now and make your selection. Excellent planting time, too.
3. Houseplants can be repotted if pot-bound. Look at the lower leaves. If they're yellow they probably need feeding or repotting—if they've been fed recently, it's repotting, of course.
4. Any time now your roses should be taking a well earned rest. When the foliage really starts dropping you can start pruning. Remove all foliage and burn it or dispose of it in the trash can.
5. A good time to plant the evergreens as well as the deciduous trees and shrubs. Be careful not to break the ball of dirt around the roots when planting.
