

Dodgers to Help Recruit Boy Scouts in Southland

The World Champion Los Angeles Dodgers are joining the Los Angeles Area Council, Boy Scouts of America, in a spring membership program, according to William Mobraaten, Scout Chairman of the Organization and Extension Committee and William Stockwell, Scout Council Commissioner.

The Dodgers' players and management are supporting the membership drive because of their belief that Scouting provides physical fitness opportunities, character

building and citizenship training for tomorrow's leaders. Walter O'Malley is chairman of the membership program.

Mobraaten and Council Commissioner William Stockwell joined O'Malley in his office recently, along with a Cub, Scout and Explorer to kick off the program.

It will climax on May 19, when every Cub, Scout, and Explorer who recruits a new boy into Scouting, will be the guest of the Dodgers at the game with the New York Mets.

All new boys recruited will also have free tickets to the game.

ADDITIONAL awards will be made to Scouts who recruit more than one new boy.

For those boys who recruit two new boys into Scouting, a baseball clinic will be held at 6 p.m. on May 19. Dodger stars will teach Scouts the fundamentals of pitching and batting, and answer their questions about baseball and the Dodgers.

The top five boy recruiters in each district will receive an official baseball, autographed with Dodger players signatures.

Plans and specifications for sewer improvements in Rolling Hills have been approved by the Board of Supervisors.

The project will be completed under an assessment district program approved by

And as final incentive to recruiting, the Dodgers will have a Boy Scout bat boy each month. The bat boy will wear the official bat boy uniform, and will be given a baseball which he served as bat boy.

THE THREE top Boy Scout and Explorer recruiters in the Council will receive this unusual honor.

"With this fine support by the Los Angeles Dodgers, and the work that our organizers are doing to organize new units, we are confident that this year's spring membership program will bring more boys into Scouting than ever before," said Mobraaten.

BOOST FOR DAD... Donning the hat of a Goldwater Gal is Sen. Barry Goldwater's daughter, Joanne (right), wife of Dr. Thomas Ross of Torrance. Carolyn Laws of San Marino, attired in the gold and white costume of the Goldwater Gals, is lending a hand.

Hollywood Reporter

By Mike Connolly

Dear Sir: Although it will probably fall on deaf ears, I want to register a protest over the casting of sweet Hayley Mills as a villain in her next movie, "Close to the Wind." Aren't there sufficient actresses out there in Hollywood to play nymphomaniacs and dope fiends and all of those other perverted parts they're inflicting on us... like Liz Taylor and Kim Novak and all the rest... without this new blow? — Inger La Barba, Elk Grove Village, Ill.

Dear Yetta: Gene is in front of the cameras at Universal this very minute, with Sandra Dee in "I'd Rather Be Rich." Jeanette has been ailing but expects to be up and around on the concert circuit again.

Dear Inger: Hayley picked the part herself. She'll be 18 on April 18, three days after the picture starts shooting. She tells me she's tickled pink to be playing grown-up roles for a change. She adds: "Besides, I'm co-starring with my father, John Mills, who approves of the crook roles we're playing, because the plot provides for us to always stay just inside the law!"

Dear Mr. Connolly: I need your help concerning my problem. I have written several songs, some of which are, I know, very good. Last year I signed a managerial contract for two years. One year is up and he hasn't ever called me so I am going to try to sell them on my own. I wrote one song (my friends say it is tremendous) with the voice of Judy Garland in mind. What about a demonstration record and what do you know about copyright costs and the percentage of royalties I should have?—Barbara Clarkson, East Peoria, Ill.

Dear VerMelle: You're wrong. This is one of Hollywood's happiest marriages. Mrs. McQueen (Neile Adams) doesn't scramble for parts... the studios scramble for her. She is a dancer and an actress who likes to dance and act, so why shouldn't she?

Dear Barbara: Make the demo and send it to Judy at Television City, Hollywood. See a lawyer about copyright and royalties. If you hit it big, I would like to suggest you follow the example of Johnny Burke, that giant among songwriters who passed away in his sleep on Feb. 25, and whose songs included "Imagination," "Pennies From Heaven," "Pocket Full of Dreams," "But Beautiful" and other big hits. He was loved by every big singer, from Bing Crosby to Elvis Presley and by every song pluggger and fellow writer. But during all the years that he was friendly with the biggest singing stars in the business, he had a cardinal rule: he NEVER asked anyone to sing his songs, as he felt they spoke for themselves. Good luck.

Dear Laurie: I'm breaking my no-photo rule and asking you to follow through. Your P.S. did it.

Dear Mike: Does Mae West have a sister? I could swear I saw her once, in a play or movie. — Ronald J. Ogilvy, Logan, Utah.

Dear Ronald: Mae has a sister but she has never been in show business. You must be thinking of June West, who was once billed as "Thirty Days Hotter Than Mae!" And June wasn't in plays or movies, you rascal, she was a stripteaser in burlesque.

Dear Mike: Does Gene Ray should be household words for the family where there is a stroke patient, your Los Angeles County Heart Assn. says. Both patient and family members must fight discouragement.

Science Shrinks Piles New Way Without Surgery Stops Itch—Relieves Pain

New York, N. Y. (Special) — For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids, stop itching, and relieve pain — without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by a doctor's observations. Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all — this improvement was maintained in cases where a doctor's observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®) — the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H®. Ask for individually sealed convenient Preparation H Suppositories or Preparation H Ointment with special applicator. Preparation H is sold at all drug counters.
