## Bank of America Awards Won by Torrance Seniors

Ninety-three Torrance area high school seniors have won certificates or trophies in the first round competition of the annual Bank of America achievement awards program. The winners were announced this week by the awards committee. All local winners will advance to the zone competition in April, and first place winners in the zone finals will compete in May for state awards. The awards are presented each year for outstanding scholarship, leadership, and promise of future success and service to society. The awards cover virtually every field offered in area high schools. Four trophies are presented to winners in general fields of vocational arts, liberal arts, fine arts, and science and

mathematics. Of the 93 local winners, only one student placed in more than one classification. She is Peggy Hasegawa of West High School, who won certificates in English and foreign languages.
