

Realtor Flays Forced Housing Integration

Jack Schmidt, chairman for Home Protection of the Torrance-Lomita Board of Realtors, told members of the Torrance Federated Republican Women's Club this week forced housing integration eliminates freedom of choice.

Schmidt said, "Realtors are willing to sell or rent to anyone, but it should be the owners right to accept or reject, or deal or not deal as he may decide."

"The state should not rob the owner of rights guaranteed him by the Constitution. This tends to take property for public use without just compensation," Schmidt said.

The realtor charged some politicians with using their office to change laws and pass legislation without majority consent. "If the majority is en-

slaved to the will of the minority," he added, "the result is dictatorship."

Schmidt said the California Real Estate Assn. obtained more than 769,000 signatures for its initiative amendment to nullify the Rumford Fair Housing Act. Torrance obtained 1,600 signatures, he said.

"This is the largest number of signatures ever certified for an initiative measure," said Schmidt, "and we are now making plans for the actual initiative election."

City Schools Enrollment Up

Enrollment in the Los Angeles City Schools hit a new record last week, according to Superintendent Jack P. Crowther.

Crowther said 747,478 students were registered.

Air Force Recruiters Cite Movie

"Flight from Ashiya," a color motion picture released by United Artists, has been named picture of the month by local Air Force recruiters according to S/Sgt. Ray Stauble, Air Force recruiter in Torrance.

The picture stars Yul Brynner, Richard Widmark, George Chakiris, Suzy Parker, Shirley Knight and Eiko Taki. It is a semi-documentary account of the Air Force's Air Rescue Service. It was filmed largely on location in Japan.

The Air Rescue Squadron re-

ceived the Presidential Citation in the Korean Conflict and has been honored by 43 foreign governments. The unit does such varied work as space rocket rescues, service during floods and fires, or searching for planes lost at sea.

The picture will open in this area next week.

HC Schedules Two-Day Course

The Southern California Meter Assn. in conjunction with Harbor College, will present the 13th annual Instrument Application and Maintenance short course at Harbor College next Tuesday and Wednesday.

Purpose of the short course is to present the basis and advanced principles of measurement, control, and instrumentation to engineers and instrument technicians in an increasingly complicated and changing industry. Registration fee is \$2.50.
