

### Harbor Food Employers to Hold Meeting

A general meeting of food employers of the Harbor area, particularly those under contract with Retail Clerks Union, Local No. 905, will be held on Wednesday, Aug. 23, 1950, at 7:30 p.m., in the City Hall, Torrance.

The Clerks Union has indicated that it will reopen the current food agreement which expires Nov. 1, 1950, Frank S. Selover, executive secretary, Harbor Area Employers' Council, said in announcing the meeting of the organized employers. The attitude and stand of the employers toward the contract will be discussed, he said. Official notice of reopening of the contract must be given by Sept. 1.

While the meeting is sponsored by the organized employers who comprise the Food Division of the Harbor Area Employers' Council and who employ 87 per cent of the food clerks of the area, all food market owners, including non-members, are invited to participate in the meeting, according to Selover.

Jurisdiction of Retail Clerks Local No. 905 was extended this year to include all territory south of Imperial Highway, between Alameda boulevard and Crenshaw boulevard, excluding central Compton, but including in addition all of Torrance south of 190th street, the Employers' Council executive secretary said. All food employers in this area are being asked to attend the meeting.

### Good Racing Program At Carrell's

Racing fireworks stud the speed calendar at Carrell Speedway for the remainder of August.

Motorcycles will take the spotlight every Wednesday night, while the Jalopy Derby will hold sway for the next two Friday nights.

Saturday evening, August 19, will find the 250-lap Stock Car race in the limelight. This event is limited to cars of 1948 vintage and later.

Even at this early date, 11 drivers and cars have signified interest in the classic.

The list includes Chuck Meekins, in a 1950 Chevrolet; Lou Figaro, with a 1950 Hudson; Eric Erickson, in a '48 Pontiac; Fred Lee, in a 6 cylinder Ford, 1949; Fred Steinbroner, in a '48 Ford; Bill Norton, '48 Ford; Bert Livingston, '48 Ford; Clem Proctor, '49 Ford; Johnny Soares, '49 Ford; Andy Pierce, '49 Buick; and Art Kramer is looking for a driver for his '50 Plymouth.

Meanwhile there's plenty of interest in Wednesday's A.M.A. motorcycle card. Last week Dick McAfee, Oakland daredevil came south and swept the program winning his heat, the Trophy Dash and the main event. Naturally the local boys are slightly "burned" and will be seeking revenge.

### Modern Auto Shop Next Year at JC

"Auto shop students enrolling at El Camino College next year will work in one of the most modern school shops anywhere in the United States," Dr. Lyle Tussing, director of instruction, declared in announcing auto repair and maintenance classes for the fall semester beginning September 14.

A full two year training course is offered students enrolling in day classes, and both beginning and advanced classes will be open to evening students.

The recently completed shop facilities provide 10,000 square feet of work space equipped with the latest tools and facilities for doing everything from steam cleaning a car to rebuilding an engine.

Contained in the fluorescent-lighted shop is such equipment as three hydraulic hoists, late model engine dynamometer, engine testing equipment, including an exhaust analyzer, battery chargers, brake testing, relining, and drum turning machines, wheel balancing and alignment equipment, cylinder boring, and valve refacing and reseat machines. Graduates receive the Associate of Arts degree.

### Plant Food Permit Given

Approved by the City Planning Commission, according to E. A. Lloyd, was a variance and conditional permit for the processing and sale of compost plant food at the northwesterly corner of 190th Street and Prairie Avenue.

There were no protests to the application, submitted by A. W. Fisher.
