

Greatest Racing Week For Carrells

One of the greatest racing weeks in the history of Carrell Speedway is on the schedule for the Gardena half-mile dirt track, it was revealed by racing director Bill White.

Three speed events are on the slate, White said. Every Wednesday night the A.M.A. motorcycle daredevils are in the limelight. Friday evening, the ever-popular jalopies will bounce into the spotlight. Sunday night, Sept. 3, Labor Day Eve, there will be a 100-lap Hot Rod championship event, sanctioned by the CRA.

The Labor Day Eve classic will mark the first appearance of the hot rods at Carrell in several months. The Gardena track is famous as the "home of the hot rods," and their return has been received with terrific enthusiasm from all points.

White further revealed that he is in the process of constructing a full mile road racing course at Carrell, which will be ready for its debut, Sunday afternoon, Sept. 10.

The raceway will be something unique in the Southland and White plans a series of different racing events over the lengthy track, including a Jalopy Marathon, T.T. classic for the A.M.A. motorcycles and other speed spectacles.

The new racing course will use most of the current half-mile dirt track. The cars will leave the track on the east straightaway, wind around through a specially constructed racing roadbed near the Vermont Avenue side and then return to the old track near the north turn.

BOB DENNY telling Olga Santiago that it will take all three carburetors to make his hot rod win this Sunday at Carrell Speedway when the hot rods will go 100 laps on the half mile dirt track. This is their fourth anniversary and will see Bob Denny fighting for a win as he is only nine points back of Geo. Seeger, the number one man again this year. 20 of the fastest cars and drivers will start the main event.
