

Student Deferment Possible

Los Angeles Harbor Junior College has received instructions from the Selective Service Headquarters relative to deferment of college students.

According to this directive, a local Selective Service board may re-open the case of a registrant who has been classified 1A and called to report for induction under the following circumstances:

1. If the registrant has completed at least one full year of college training.
2. If the College can certify that the student's scholastic standing placed him among the upper half of his class.
3. If the student has signified prior to August 1, 1950, his intention to re-enroll for a full-time course of instruction during the school year of 1950-51.

Any student who is affected by this directive may contact the Counseling Office of Harbor Junior College and obtain the necessary statement regarding his enrollment and scholarship.

Students should not apply for such statements until they have received their orders for induction.

Here's an aerial view of the new one-mile road racing course at Carrell Speedway. The spectacular winding track will be given its premiere showing Sunday afternoon, Sept. 10 when the West Coast Jalopy Racing Association stages a special program. The program will start at 3:00. Racing Director Bill White plans a series of racing events over the road speedway. The track is located at 174 and Vermont.

Road Racing Returns To New Carrell Track

Road racing returns to Southern California this Sunday afternoon (Sept. 10) when Bill White stages a racefest for the pre-war stock cars over the brand new mile road race course at Carrell Speedway.

The debut of the winding road raceway is being watched with great interest by all Southland auto racing enthusiasts. For it might be the item which will rejuvenate the sport and bring it back to the major prominence it deserves.

First to try the dangerous one-mile will be the daredevil pilots of the jalopy fraternity. They are scheduled to tangle in a 25-lap main event, which will be the feature of a full program of races.

The Sunday afternoon show will mark the return of the Gardena track to Sabbath afternoon events.

Now that Labor Day is out of the way and summer holidays are over, Carrell will start with a long list of fall racing events over the tricky road course. These will be announced shortly, White said.

All the sturdy jalopy pilots will be on hand for the formal opening of the new road racing raceway. The entry list includes such top names as Bill Galdarisi, Bill Grijalva, Buddy Lee, Hal Logan, Termit Collins, Bill West, Clem Proctor, Buggy Taylor and forty others.

machine will make a maximum recovery.

Very enthusiastic about his new invention, Chatten announced that after three trial runs, his new theory has been proven conclusively sound. He is now launching forth on the final drafting of the ultimate machine.

Drivers Urged To Drive Carefully

"With the opening of the schools it is imperative that drivers use extra care in driving to avoid accidents to the many children who will be on the streets," Torrance Chief of Police J. H. Stroth told this newspaper today. "Thousands of children will be walking the streets of Torrance to and from school, many for the first time," Chief Stroth explained. "While police and school safety patrols help to protect children from traffic at many crossings, some children will be crossing at unprotected corners," he continued. "In addition, enthusiastic youngsters are apt to dart out into the street at any point, perhaps in front of an approaching automobile," Chief Stroth pointed out. "The best rule for motorists to follow, particularly when driving in school areas is to travel at a speed which will allow for stopping suddenly to avoid hitting a child who runs in front of the car," suggested Stroth.
