circles as a potential Congressman for the new district. Republicans have not been asleep to the deal, however, even though they have let the campaign for Congress go by default in most years. William H. Tolson, staunch member of the G. O. P., has been mentioned numerous times as a candidate who could take the district with the right political breaks. Many names will be coming to the front, it is predicted, as the realignment of districts will effect Los Angeles more than any other area. There will be a change in Assembly district lines, in all prob-

THE MILLRACE

We perpetuate the race with tears and veneration. We generate new lives with suffering, love, and sorrow. Perplexities of love, we hope for our son's wives. But armies have arisen. Liquidation with the morrow.

Shoe Contract To Be Discussed

A conference of the Harbor Area Employers' Council members party to the Shoe Contract with Local 905, Retail Clerks, was held recently. The first meeting with the Union will be September 25, 1950. Members of this Council who are under the Shoe Contract should advise the Harbor Area office at once of their wishes, if they have not already been contacted. ally or morally unfit.

CLASS V-A—Registrant over the age of liability for military service.

Council Would Limit Activity

The City Council at its meeting Tuesday night adopted for the first reading an ordinance which would prevent a member of a city commission or board from being appointed to the City Council within one year prior to the adoption of the ordinance, and which would prevent a Councilman from being appointed to a city board or commission until the expiration of one year from the termination of his tenure as a City Councilman. No reason was given for the presentation of the ordinance.

Bus Service

(Continued from Page One)
because of the protest of Harbor City residents against being deprived of bus service. Torrance residents and merchants also joined in the protest. Many residents depended upon the Harbor City bus to get to sections through which it passed, and merchants say that the cancellation of the line is hurting when steps should be taken to improve conditions.
PROTESTS
"The City Council has, in its 1950-51 Budget an item of \$20,000 set up to take care of the loss from the bus system. If we are going to spend that \$20,000 let's do it where it will do the most good—and that's for the Harbor Bus Line," said Sam Levy. Jack Fine of Pay-Less Drug Co. said, "We certainly do get a lot of business from Harbor City, and Torrance will be the loser from the discontinuance of this line." "When a housewife leaves her home in a community as far distant as Harbor City to do some shopping, she does not go to spend one dollar, or two dollars, but usually she plans to spend from \$10 to \$20, said another. "This money, by the time it is turned over and over by tradesman and customer will represent an economic benefit to Torrance

Moose Women Plan Food Sale Sept. 23

A food sale will be held Saturday, September 23 at 10:00 a.m. in front of Levy's Department Store by the Women of the Moose. A special meeting was held of both the Women of the Moose and the Loyal Order of the Moose Sept. 19. Guest speaker was Miss Kathrine Smith, Grand Chancellor of the Women of the Moose from Mooseheart, Illinois. The State Conference of Women of the Moose which was held recently in Los Angeles was well attended by members of the Torrance chapter. The Lady's Barber Shop Quartet, entered by the Torrance Chapter, won second place. far off-setting the loss of running the bus down there to bring the trade to the city. Anyone with an ounce of common sense and a knowledge of economics can realize that. We CAN afford to run the bus with three or four or five passengers if each one is going to spend that kind of money, and a check shows that they do. Why else would they want to go to town?"
