

Potential Manpower Information Sought by Dept. of Employment

Information about potential manpower resources in the event the need for workers becomes urgent is being sought in Centinella Valley and throughout California by the State Department of Employment, it was reported here today by Mrs. Helen Owens, manager of the Inglewood office.

"Steadily increasing employment throughout the state and the possibility that more workers may be urgently needed to staff essential industries points up the necessity of having, in each community, a current and reasonably accurate inventory of its manpower potential," Mrs. Owens said. "The department is, therefore, requesting persons who are not now seeking employment, but who would return to the labor force if and when they are needed, to register at our office."

Mrs. Owens emphasized that persons who register with the Department of Employment under the inventory program are not obligating themselves to accept immediate employment. They will be referred to job opportunities only when they express the desire to accept employment.

Although the inventory registration program is designed primarily for future use there are, however, certain occupational skills currently in short supply in Centinella Valley," Mrs. Owens said. "We have immediate employment opportunities for men with aircraft experience, and women under forty with factory experience. Jobs for women factory workers begin at eighty-five cents per hour. Jobs are also open

for women with typing and short-hand skills at higher rates."

The Inglewood office of the California Department of Employment is located at 319 East Hillcrest Boulevard, Inglewood, and is open Monday through Friday from 8:30 a.m. to 5 p.m.

El Camino "11" Wins 2nd Game

Sparked by a 96-yard punt return by Boyd Crawford, the El Camino Jayvee eleven crushed East Los Angeles 25 to 8 in their second contest played last week.

The Warriors drew first blood when Ray Day swept left end from the Husky five for the teepee in the opening period. The try for extra point was not good.

A few minutes later East Los Angeles denied the scoring column for two points when Nick Vargas fell in his own end zone while receiving a punt. Before the end of the first quarter Crawford got away on his 96-yard jaunt from his own four behind beautiful blocking.

East Los Angeles' only touchdown came in the second quarter when Joe Lopez carried the ball 37 yards. Camino came back strong, and Day carried the ball 35 yards to the Husky five. Bill Nutt went over for a touchdown and Vargas kicked the extra point to make the score 19 to 8.

The final score came when the Warriors' tiny Tommy Johnson ran around left end for 69 yards and six points.
