How to make good telephone service even better...

You'll complete more calls if you... always give your friends a full minute to answer

You know, people can't always get to the telephone to answer it the moment it rings. They may be busy in the garage, or the basement, or some distant part of the house. That's why you'll so often save yourself the disappointment of an uncompleted call if you give them plenty of time to answer... at least a full minute. You'll not only often save yourself the inconvenience of calling again later, but waiting those few extra rings is a courtesy your friends will appreciate when they can't answer immediately.

This free booklet for the local and long distance telephone numbers you call most often is yours for the asking. Just call, send a postcard, or drop in to your nearest Pacific Telephone business office.
