YWCA Truck Gives Up Ghost; New One Bought

YWCA Camp Tahquitz Meadows has a new truck! The old one had long since given up the ghost. Everyone knows how indispensable a truck is around a camp with girls and bed rolls to transport for overnight trips, supplies to bring up for the opening of camp to say nothing of the materials needed for pre-camp opening repairs!

The truck, a one and one-half ton 1952 stake vehicle was presented to the camp through the generous giving of Harbor District people interested in the welfare of girls and in the YWCA.

Perhaps almost more important than the truck is the fact that this Association with this gift has spearheaded a drive throughout the nine member associations to activity to obtain gifts for camp. Many capital improvements are needed at the camp such as: a new swimming pool, a shower unit, replacement of old electrical wiring, major water supply repairs, and a new dining room, but this Association was justly proud to be the first to produce one of the items essential to the opening of camp.

The other associations at work on improving camp are: Pasadena, Santa Ana, Long Beach, Metropolitan Los Angeles, San Bernar-

dino, Imperial Valley, Ventura and Santa Monica.

Week-end work groups from the harbor area will be traveling to the camp site during the first three week-ends of May to paint and renovate the camp director's cabin and help in general camp cleanup.

Fewer than 400 combat casualties were suffered by Southern California's 40th Infantry Division during its first five months in Korea.
