

Free Lecture Slated for March 11th

"Creative Family Living" is the title of the sixth lecture of a series of free lectures on parent education, sponsored by the Torrance School of Adult Education.

Co-sponsored by the Seaside and Riviera Elementary schools' PTA's the lecture will be held in the auditorium of the Seaside school, 4651 Sharynne Lane, Torrance, Wednesday, March 11, from 12 noon to 2 p.m.

New approaches in discipline, brother-sister relationships, jealousy, family council, allowances, and relatives are the many family problems that will be discussed.

Mrs. Dorothy Law, who is director of the Redondo Beach extension of the Compton Counseling Service, will be the instructor. Mrs. Law is church counselor on the staff of the First Methodist Church, Redondo Beach, and is well-known in the Torrance area for her parent-education work and as a lecturer in human relations.

The PTA's extend a cordial welcome to all parents to attend. Further information may be obtained by calling FRontier 5-3016.

New Textile Paint Class Begins Soon

A new class in textile painting will be held on Thursday nights starting March 5 from 7 to 10 p.m. in room 1 at the Walteria School, it was announced by Vernon Sheblak, director of Adult Education.

Instructor of the course will be Wanda Conaty who has had wide experience in teaching textile painting and is well known to adult education students locally.

"The course is free and cost of materials extremely low," Mrs. Conaty emphasized in urging that students enroll immediately to learn an art that can prove both pleasant and profitable. A wide variety of samples will be on display Thursday night — everyday items that take on color, glamour and charm through the art of textile painting.

This class is in addition to the regular Wednesday evening textile painting group which meets from 7 to 10 p.m. in room 124 at Torrance High School, and which has openings for a few more students. Since instruction is on an individual basis, adults may enroll any time.

Salt broiled meat after it is cooked. Salting before cooking draws some of the juices from the meat and lengthens the cooking time.
