

### Tire Service Opens Here

Harvey Vincent recently opened for business at Vincent's tire service, 1782 W. Carson. Vincent who will be a U. S. Royal tire distributor, plans to sell new tires as well as recap old ones. He has been in the tire business 15 years and was recently associated in Glendale. He will have a completely equipped shop. All work is guaranteed and done locally, it was announced.

Hath any wronged thee? Be bravely revenged—slight it, and the work is begun; forgive, and it is finished. He is below himself that is not above an injury. —Quarles.

### Fresh Water To Fight Salt Water

An experiment has been started to see if fresh water injections can stop sea water from getting into the underground water supply of this area, it was reported.

The experiment was tried in Manhattan Beach. Nine wells will do the injecting. Four of them will always be kept in reserve. They are stationed at 500-foot intervals, parallel to the ocean, and about 1,000 feet inland at Manhattan Beach, it was reported.

The state will finance the project for a year. After that, if effective, the method may be financed by formation of a conservation zone.

Torrance and Lomita are also affected by the experiment. The project is being conducted by the Los Angeles County Flood Control District.

### D. Isenberg To Represent Chambers

Dale Isenberg, executive secretary of the Torrance Chamber of Commerce, has been chosen to represent the California Chamber of Commerce at the June meeting in the San Francisco Bay area to discuss better street parking for smaller cities, it was announced.
