

Walteria Club Holds Dance

This Saturday will find members of the Walteria businessmen's club dining and dancing at the annual spring dinner dance held by the group at the Fish Shanty, it was reported.

This, the third dance of its kind, feature Orvie Yarnel and his band. The dinner-part of the evening will begin at eight o'clock, it was announced.

KNOW YOUR REALTY BOARD

We have a real rockhound in our midst! Kathleen Kennelly collects rocks—field stones—from which she has constructed a 60' x 45' patio, with 6' walls, and she has done all the work herself, including the carpentry work!

Kathleen's father was a Marine officer stationed at the Mare Island Navy Yard in California when his daughter made her first debut. As is usually the case when a man is in the Service, the family moved around quite a bit, making a home wherever papa was stationed. Hence, Kathleen has an interesting background of schooling, including Annapolis, Maryland, and Norfolk, Virginia.

Because a cousin had a gunshop where he made and repaired guns as well as made bullets, and because this cousin was patient with a little girl's inquiries, Kathleen developed a great interest in gunsmithing, becoming a full-fledged gunsmith. And during World War II this precision training was put to work in the Ordnance Department of the Norfolk Navy Yard, where Kathleen made and repaired guns!

Kathleen Kennelly is the wife of a retired navy man, the mother of two grown daughters and a young, ten-year-old son. She entered the real estate business in 1947 with the same enthusiasm that has marked her other activities, and now she is working with Harry E. Bowler from her office at 1619-25th Street, Harbor City. She is the efficient conductor of the Caravan for the Lomita-Harbor City properties on our Multiple Listing Service, and belongs to the National, State and, of course, the local Realty Board.

Thirty-Year Resident On Chicago Trip

Mrs. Marie D. Hale, of 1433 220th st., who has watched the growth of Torrance and area for more than 30 years, this week left by air for her first trip back East since coming here in 1920.

She is going back to Chicago to see how things have changed there in over three decades, according to her daughter, Mrs. Birdie Clark.

Mrs. Hale's five children all grew up and completed their education in Torrance, Mrs. Clark said. There are also seven little grandchildren here waiting for Grandmother to return. Besides Mrs. Clark, Mrs. Hale's children include Mrs. Jonell Krag, and Robert Jr., Richard and Arthur Hale, all of Torrance.

While in the East, Mrs. Hale will visit two brothers and two sisters in Chicago and other relatives in Earlinton, Kentucky. She will be gone for approximately three months, Mrs. Clark said.

Kill flies and cut production costs! Flies are responsible for the loss of several million dollars yearly to the livestock and dairy industry, according to Floyd P. Wilcox, D.V.M., of Los Angeles County Health Department.

Installation Of Officers At Shanty

At last Thursday's meeting of the Walteria businessmen's club held at the Fish Shanty, Loring Bigelow took over the president's gavel officially from Nate Gordon, the outgoing president.

Previous to this symbolic transfer of power, the four former presidents of the group spoke briefly to the assembled members. Presidents were, in chronological order:

Jim Witmer, J. A. Beasley, Fred Stevens, and Robert Sleeth.

Other officers installed at this time were Dale Wands, vice president, Al Muir, secretary, Paul Struble, treasurer, D. P. Pendleton and Herb Jackson, executive board members.

One of the principal purposes of the group is to serve the youth of the community. The group has organized a scrap drive which is still running in order to raise

money for youth activities.

Personal instruction is the first step in Janet Gray's thorough on-the-job training as an operator.

JANET GRAY—NEW "VOICE WITH A SMILE"

Like many other young graduates, she'll soon be stepping into her telephone future

Janet Gray might be any of hundreds of young women—from high schools, colleges and commercial schools—who will start telephone careers in the coming weeks. For Janet and her new colleagues, it's a big event. They'll have many interesting types of jobs to choose from, they'll be paid full salaries while they learn their jobs. And they can count on frequent raises. For Janet, the opportunities to advance are excellent. Because women are important in our business...many hold management jobs.

Many young men, too, will be starting telephone careers in the next few months. Their skill and experience will grow through training and actual work on different telephone jobs. And, when qualified, they'll be eligible for promotion to more responsible positions. For it's tradition in our business to choose tomorrow's telephone executives from among the young men starting their telephone careers now.

Thousands of telephone people promoted last year

Last year, several thousand telephone men and women here in the Pacific West were promoted to better, more responsible jobs. Making sure we always have a well-trained force of men and women on the job is one more way we insure good telephone service for you.
