When you're tempted to make one call after another...

...arranging a graduation party, for instance... remember, someone may be trying to call you. So why not give him a chance to get through to you. It's always a good idea to wait a few minutes after each conversation... before going on to the next. That way, people have a better chance to get you... instead of a busy signal.

this handy free booklet... keeps your out-of-town numbers, as well as local numbers, always at your fingertips. To get your free copy, just telephone, send a postcard, or drop in to your nearest Pacific Telephone business office.
