Boy Asked To Exhibit Paintings

There is something awe-inspiring about those who are gifted with a great talent, especially if that talent makes itself evident at an early age as is the case with 14-year-old Herby Case of 3764 244th st., WALTERIA.

Herby, who has been painting "ever since I can remember" has submitted his works in national contests and exhibits, shows such maturity in his work that he has been asked by the San Pedro Art Association to stage a one-man exhibit at the new San Pedro Art Gallery at 820 S. Beacon st., June 14-25, daily including Saturday and Sunday (except Tuesday) from 1 p.m. to 4 p.m.

Past Successes
Herby, who is as friendly, courteous, and natural as you could wish a boy to be, has a scrap-book filled with records of past successes. Such is his talent that judges have been amazed to discover that their winner was a mere boy of fourteen or so.

Among his records, the young artist has letters from noted individuals and artists expressing their profound wonder at the boy's unique and divine talent.

25 Paintings
Herby will display 25 paintings at the forthcoming San Pedro exhibit. The show will be retrospective of early childhood phases and leading up to the now almost mature painter.

The subject matter consists mostly of the scenes with which Herby has grown up: San Pedro, WALTERIA, Palos Verdes.

Student
The young painter is a student at Chadwick at present, having received a scholarship to the school. He is taking his art work under William Hamner and is painting a 30x6 ft. mural for the school dining hall.

The family atmosphere in which Herby lives is one of encouragement and love. Mr. and Mrs. Chas. Case show this same understanding and sympathy to all their children—to Herby as well as to Dennis, 12, Charlene, 10, and Sharon, 6, who are each gifted in his or her own characteristic way.
