## Gay Round Of Parties Finish Year

June has been a very busy party month for the members of the 186th Street P-TA. Starting with the teachers' party on June 5, given by the executive board; and followed by a party for the graduating class on June 17, and a party for all of the school children on the last day of school. To end it all, the board met recently at the home of the principal, Miss Hilda Jellison, and revealed their secret pals of the last year.

The teachers party, under the chairmanship of Mrs. Samuel Dow, was given as a "Thank You" from the board for the splendid cooperation of the teachers with the P-TA.

**Refreshments**  
Mrs. Herman Eisenbeis, hospitality chairman, arranged the refreshments for the graduation class of 80 A's.

**Parents, Teachers**  
Mothers of the students, cooperating with the teachers, provided the cookies and decorations; to go with the ice cream furnished by the 186th Street P-TA for the party on the last day of school. Some of the teachers provided games as entertainment, and some had group dancing by the pupils. Miss Hilda Jellison, principal, entertained the members of the executive board at her attractive home in Manhattan Beach recently. A scrambled word game of things pertaining to P-TA, provided by Mrs. Claud Hill, retiring president, was won by Mrs. James McMillen, the new president.

Mrs. David Wood was very proficient at naming things starting with the letter 'C', and won the prize in the game provided by Mrs. Ronald Powell, program chairman. There were many surprised people when the names of the secret pals were revealed. Everyone had been very successful at hiding her identity for the entire year. Thanks were expressed all the way around for the many gifts and cards received from secret pals. Delicious refreshments were served by Miss Jellison; and then all left with a feeling of a job well done for the past year.

**SIGNS OF ASTONISHMENT** register on Mrs. Jeffway's and Gloria Jean Barentine's faces as they stumble upon this "monster-squash" in their back-yard. The "monster" is supposedly the product of a banana squash seed gotten from what is now the Loma Market at Oak and Highway 101. The back-yard "terror" is 16 inches long, 34 inches in circumference, and weighs 22½ pounds. While the usual banana squash is long and skinny, Mrs. Jeffway, who lives at 25604 Oak, has some misgivings as to the "purity" of this particular species, which might account for the extraordinary size. The greatest tragedy is, however, that Mrs. Jeffway just doesn't care for squash.
